**--WELCOME TO YOUR SKILL TEST--**

I do not decide whether or not you pass or fail. I only observe and record the steps I see you demonstrate. Headmaster staff in Helena, Montana, will score your test.

- ⇒ You will have **up to 40** minutes to complete three or four tasks (*T.O. only read number of tasks candidate has*). I will let you know when 15 minutes remain.
- ⇒ Each of your tasks has a scenario. I will read **one scenario at a time** to you. As soon as you understand the scenario, please actually perform and demonstrate the task.
- ⇒ You will begin with the first task of \_\_\_\_\_ (*T.O. read only the one that applies: PERINEAL CARE FEMALE; BEDPAN AND OUTPUT; PERINEAL CARE MALE W/BRIEF CHANGE*).
- ⇒ During the demonstration of your first task you may **use hand sanitizer** instead of actually washing your hands at the **beginning** of the demonstration when appropriate.
- ⇒ Also during the demonstration of your first task -- **YOU MUST ACTUALLY WASH YOUR HANDS WITH SOAP AND WATER** at the **end** of the demonstration when appropriate.
- ⇒ You may use hand sanitizer instead of actually washing your hands with soap and water during the demonstration of your other tasks when appropriate.
- ⇒ Steps **that are only verbalized will not count**.
- ⇒ At any time during any skill, you may direct me to move anywhere needed to assist in providing safety for the resident.
- ⇒ Anytime during the test, you may ask me to **reread** any scenario.
- ⇒ Anytime during the test you may correct any step on any task that you believe you did incorrectly. To make a correction, you must tell me the specific task and what steps you will be **re-demonstrating**.
- ⇒ When you finish a task, tell me you are finished with the task and return to this **relaxation area**.

I will set two timers when you start your first task. The first timer will go off when you have 15 minutes remaining and the second will go off when 40 minutes have elapsed.

I will now show you the location of the supplies and demonstrate the equipment you will use for your tasks. Please ask me any questions you may have about your additional tasks which are: \_\_\_\_\_, \_\_\_\_\_, and/or \_\_\_\_\_.

Your skill test time will start when you begin your first task.

\*\*\*\*NOTES TO TEST OBSERVER\*\*\*\*

Tell the candidate that they may use or move any equipment or supplies as necessary to accomplish the tasks.
- ✓ Explain the timers you will be using during testing.
- ✓ Be sure the candidate signs the recording form, that you have placed on a small clipboard, on which you have already printed his/her name *if it will be needed for one or more of the tasks*.
- ✓ Be sure you have instructed the candidate as to the location of the relaxation “waiting” area.
- ✓ Answer any remaining questions, remind the candidate that you may not answer any questions once the skill test begins, you can only re-read task scenarios.

**RECAP**

If time is remaining (candidate completed in less than 40 minutes) say: “You have \_\_\_\_ minutes remaining. You have just completed the tasks of \_\_\_\_, \_\_\_\_, \_\_\_\_, \_\_\_\_\_. When time is up and the 40 minute audible buzzer sounds, **stop** the test by saying: “Your allotted time has elapsed. Thank you for showing us your skill demonstrations today.” Direct the candidate to the holding area.
