RE: Interface Workshops 2015

Dear Trainers,

This letter is to inform you that we will be offering throughout Ohio training workshops on the new software interface. We have trained over 200 plus instructors throughout Ohio. Below is a listing of upcoming scheduled interface workshops. Space and workshops are limited and additional workshops will be provided depending on need. Select from the listing below and return to D&S by fax or email **Attention: Karen** , no more than two participants per facility.

***Also, you must have socials for all your students in order to test so make sure that you have updated their file on the ODH website before they finish their nurse aide class. You will not be able to schedule them for testing with out a social security number.**

Remember, you must complete a training workshop before you can enter your students on line

You are welcome to bring your laptop to this workshop!!
