

WISCONSIN NURSE AIDE

Instructor and RN Test Observer Certification Workshops

Listing as of 12-4-2018

Check Back as Additional Workshops May be Added

Below is a list of upcoming Wisconsin Nurse Aide (NA) Instructor and RN Observer certification workshops. These workshops will be conducted by D&SDT-HEADMASTER staff at the host locations listed below.

The Instructor **workshop is** specifically designed for Wisconsin NA Instructors teaching Wisconsin NA candidates in a Wisconsin Department of Health Services (DHS) approved NA training program. This workshop is designed to give Instructors the information needed to transition to the D&SDT-HEADMASTER competency testing model and to provide key information to help Instructors prepare their candidates for competency testing that occurs after September 1, 2018. There is no charge for this workshop.

The **RN Test Observer certification workshop** is designed to be hands on and interactive and will provide all the information needed to conduct Wisconsin NA competency test events as an independent contractor. There is a certification fee for this workshop. Prospective RN Test Observers should complete the four RN Test Observer forms as soon as possible in order to secure their seat in one of the RN Test Observer workshops. Forms that need to be submitted are located at www.hdmaster.com and click on Wisconsin.

Seating is limited at the workshops so please register as soon as possible. Applicants will be accommodated on a first come, first served basis. We will be adding more workshops as demand warrants.

Please select your choice of the workshop location and type of workshop that you would like to attend. Email an image of your desired choice to hdmastereast@hdmaster.com or fax to 419-422-7395. Due to the limited space, we will send a confirmation email to you once you are scheduled for a seat at one of the workshops. Also, please feel free to call 888-401-0462 to confirm your registration

Place an X in the box in front of the workshop desired.

If you have an Internet capable Tablet, Laptop or Smartphone you should bring it for a more hands on experience.

Divine Savior Healthcare
2817 New Pinery Road
Portage, WI
(15 max workshop) - Inside Back Entrance across from rest rooms

Thursday, Dec 20th, 2018
