Arizona Nursing Assistant Candidate Handbook

EFFECTIVE: February 1, 2022

Introduction

In 1987, the Nursing Home Reform Act was adopted by Congress as part of the Omnibus Budget Reconciliation Act (OBRA '87). It was designed to improve the quality of care in long-term health care facilities and to define training and evaluation standards for Nursing Assistants who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a nursing assistant competency evaluation program provides specific standards for nursing assistant related knowledge and skills. The purpose of a nursing assistant competency evaluation program is to ensure that candidates who are seeking to be nursing assistants understand these standards and can competently and safely perform the job of an entry-level nursing assistant.

This handbook describes the process of taking the nursing assistant competency examination and is designed to help prepare candidates for testing. There are two parts to the nursing assistant competency examination—a multiple-choice, knowledge test and a skill test. Exam candidates must be registered, complete approved training, pass both parts of the exam and meet all other requirements of the Arizona Board of Nursing (AZBN) for certification in Arizona.

The State of Arizona has approved D&S Diversified Technologies (D&SDT)-Headmaster LLP to provide tests and scoring services for nursing assistant testing. For questions not answered in this handbook, please contact D&SDT-Headmaster at (800)393-8664 or go to the [Arizona webpage](#). The information in this handbook will help you prepare for your examination.

Proof of Legal Presence in the United States

Every Arizona nursing assistant student will need to have proof of legal presence in the United States on file with the Arizona State Board of Nursing. For instructions on submitting your proof of legal presence documents, refer to the Arizona State Board of Nursing website at:

www.azbn.gov. A link to AZBN’s website with a comprehensive list of documents acceptable for [proof of legal presence](#) is available on the [Arizona webpage](#).

Certified Nursing Assistant (CNA) | Licensed Nursing Assistant (LNA)

The Arizona State Board of Nursing (Board) has 2 levels of nursing assistant:

Certified Nursing Assistant (CNA)

Upon passing the required knowledge and skill competency exam components, in order to be placed on the CNA Registry as a certified nursing assistant (CNA), candidates will need to go to AZBN’s website at www.azbn.gov, click on “Apply for an Arizona License or Certificate” and complete the online application, which will include the uploading of your citizenship documents (proof of legal presence) and certificate of completion from your training program.

Licensed Nursing Assistant (LNA)

In addition to the requirements to be on the CNA Registry (see paragraph above), an LNA applicant must complete the online application and also submit their fingerprints and pay a \$100 fee to AZBN (\$50 for the application and \$50 for a one-time fingerprint background check). If the applicant meets Board requirements, the Board will license the applicant as an LNA and the applicant can use the initials “LNA”. The online application process for LNA’s is available on the Board’s website: www.azbn.gov, click on “Apply for an Arizona License or Certificate”.

Americans with Disabilities Act (ADA)

ADA Compliance

If you have a qualified disability, you may request special accommodations for examination. Accommodations must be approved by the Arizona State Board of Nursing (AZBN) in advance of examination. The request for [ADA Accommodation Form 1404AZ](#) is available on the [Arizona webpage](#). This form

Arizona Nursing Assistant Candidate Handbook

EFFECTIVE: February 1, 2022

must be submitted to D&SDT-Headmaster with required documentation listed on the second page of the ADA application in order to be reviewed for a special accommodation.

Test Attempts

You have **unlimited attempts** to pass the knowledge and skill test portions of the exam within two (2) years from your date of nursing assistant training program completion. If you do not complete testing within two years from completion of training, you must complete a new AZBN approved training program in order to become eligible to further attempt Arizona nursing assistant examinations.

- An attempt means checking in for the competency evaluation and receiving the knowledge test booklet or the skill test instructions including the skills that are to be performed. If a candidate decides to not complete the test after receiving the knowledge test booklet or the skill test instructions, the attempt will be scored as a failure.
- Per the Arizona Board of Nursing, any candidate who fails their knowledge exam for the third time, or any subsequent knowledge exam, **will be required to wait 45 days before scheduling a retest**. This does not apply to failed attempts on the manual skill test.

Applying for an Arizona License or Certificate

After you have successfully passed both the Knowledge Test and Skill Test components of the nursing assistant exam, your test results will be sent electronically to the Arizona Board of Nursing by D&SDT-Headmaster. You will be certified by the Board only after you complete the AZBN (CNA or LNA – see information under ‘Certified Nurse Aide/Licensed Nurse Aide section on pages 1 and 2) application process online, which includes uploading your citizenship documents (proof of legal residence) and completion of training certificate from your training program, and meet all Board requirements (see the additional requirements needed to apply for LNA licensure at the AZBN website). For information on completing your online application for certification with the Arizona State Board of Nursing, go to AZBN’s website at: www.azbn.gov and click on “Apply for an Arizona License or Certificate”.

Retaking the Nursing Assistant Test

In the event that you fail the knowledge and/or skill portion of the examination, when you want to apply for a retest, you will need to repay for the portion that you failed before you can schedule a new exam date:

You can [schedule a test or re-test online](#) with your secure Test ID# and Pin#. You will need to pay with a MasterCard, Visa or debit card before you are able to schedule. Call D&SDT-Headmaster at (800)393-8664 during regular business hours, Monday through Friday, 8:00AM to 6:00PM MST, excluding Holidays, if assistance is needed or to get your Test ID# and Pin#.

You may schedule a re-test by completing the [Payment and Scheduling Form 1402AZ](#) available on D&SDT-Headmaster's [Arizona webpage](#), click on the Arizona NA Candidate Payment and Scheduling Form 1402 under the "Candidate Forms" column.

- Fill out Exam types and Fee payment on a new Payment and Scheduling Form 1402AZ and choose test dates from the Three-Month Test Schedule (Form 1700) and write them on the Payment and Scheduling Form 1402AZ under Option 1 (Regional Test Site Schedule).
- You will need to submit your Payment and Scheduling Form 1402AZ to D&SDT-Headmaster either by fax at (406)442-3357 (\$5.00 extra fax fee applies), email at hdmaster@hdmaster.com (scan or image and attach) or mail to P.O. Box 6609, Helena, MT 59604. (Make Money Orders or Cashier Checks payable to **HEADMASTER**, personal checks and cash are not accepted.)

If you need assistance scheduling your re-test, please call D&SDT-Headmaster at (800)393-8664 during regular business hours, Monday through Friday, 8:00AM to 6:00PM MST, excluding Holidays. We are able to assist you in scheduling a test or re-test date as long as your fees have been paid first.

- Per the Arizona Board of Nursing, a failing candidate may only take the skill test twice with the same observer to reduce any perception of bias and lessen the chance of over-familiarity between candidate and observer. If an alternate observer

Arizona Nursing Assistant Candidate Handbook

EFFECTIVE: February 1, 2022

is not available at your facility of choice you have the option of testing with the same test observer for a third attempt by contacting D&SDT-Headmaster so that they can get you scheduled into the exam, or you may choose another facility to test at.

Test Review Requests

You may request a review of your test results or dispute any other condition of your testing. **There is a \$25 test review deposit fee.** To request a review, you must submit the PDF fillable [Test Review Request and Payment Form 1403](#) available on D&SDT-Headmaster's main webpage at www.hdmaster.com (before you get to the Arizona NA webpage). Submit the Test Review Fee of \$25 (MasterCard, Visa or debit card) and a detailed explanation of why you feel your dispute is valid (upload with Form 1403) via the PDF fillable Test Review Request and Payment Form 1403 **within three (3) business days** from official scoring of your test (excluding Saturdays, Sundays and Holidays). Late requests will be returned and will not be considered.

Please Note: Please call D&SDT-Headmaster at (800)393-8664 during regular business hours, Monday through Friday, 8:00AM to 6:00PM MST, excluding Holidays, and discuss the test outcome you are questioning before committing to sending the \$25 test review request deposit fee. Many times, once you have further details about the scoring of your test, you will understand the scoring process and learn how you can better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT-Headmaster staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request.

Since one qualification for certification as a nursing assistant in Arizona is demonstration by examination of minimum nursing assistant knowledge and skills, the likely outcome of your review will determine who pays for your re-test. If the results of the review are in your favor, D&SDT-Headmaster will pay your re-test fee. D&SDT-Headmaster will review your detailed recollection, your knowledge test markings and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations and measurements recorded by the RN Test Observer at the time of your test.

Arizona Nursing Assistant Candidate Handbook

EFFECTIVE: February 1, 2022

D&SDT-Headmaster will re-check the scoring of your test and may contact you and/or the RN Test Observer and/or Actor for any additional recollection of your test(s). After a candidate reaches the age of 18, D&SDT-Headmaster will only discuss test results or test disputes with the candidate or the candidate's training program/instructor. D&SDT-Headmaster will not review test results or disputes with family members or anyone else on behalf of the candidate once the candidate is 18 years of age. D&SDT-Headmaster will complete your review request within 10 business days of the receipt of your timely review request and will email the review results to your email address and to the Arizona State Board of Nursing.

The Knowledge/Oral Test

You will be required to present your ID again when you enter the knowledge test room and when you enter the skills lab for your skills exam. Please keep your ID with you during the entire exam day.

The Knowledge Test Proctor will hand out materials and give instructions for taking the Knowledge Test.

EFFECTIVE FEBRUARY 1, 2022: You will have a maximum of seventy-five (75) minutes to complete the 75 question Knowledge Test. You will be told when fifteen (15) minutes remain. You may not ask questions about the content of the Knowledge Test (such as "What does this question mean?")

Electronic testing called WebEtest© using Internet connected computers is utilized at all test sites in Arizona. The Knowledge test portion of your exam will be displayed on a computer screen for you to read and key in your answers.

Arizona Nursing Assistant Candidate Handbook

EFFECTIVE: February 1, 2022

An audio (Oral) version of the knowledge test is available. However, you must request an Oral test before you submit your testing fee payment. There is an additional \$10 charge for an Oral Test. Per the Arizona State Board of Nursing, translation dictionaries are not allowed during testing.

The Manual Skill Test

- The purpose of the Skill Test is to evaluate your performance when demonstrating Arizona approved nursing assistant skill tasks. You will find a complete list of skill tasks in this handbook.
- You will be asked to present your ID again that you showed the RN Test Observer at sign-in.
- Be sure you understand all instructions you read while in the waiting area before you begin your skill task demonstrations. You may not ask questions once the Skill Test begins and the timer starts. Once the Skill Test begins, the RN Test Observer may not answer questions.
- Each of your randomly selected three (3) or four (4) tasks will have scenarios associated with them. The scenarios will be read to you by the RN Test Observer immediately before you are asked to do each task.
- EFFECTIVE FEBRUARY 1, 2022: You will be allowed a maximum of thirty-five (35) minutes to complete your three (3) or four (4) tasks. After 20 minutes have elapsed, you will be alerted that 15 minutes remain.
- Listen carefully to all instructions given by the RN Test Observer. You may request to have any of the scenarios repeated **at any time** during your Skill Test up until you run out of time or tell the RN Test Observer that you are finished with your skill task demonstrations.
- You must correctly perform all of the **key** steps (in bold font) and 80% of all non-key steps on each task assigned in order to pass the Skill Test. Steps marked with an * are weighted more than steps without an * when your percentage score is calculated.
- If you believe you made a mistake while performing a task, say so. You will need to demonstrate the step or steps on the task you believe you performed incorrectly for the correction to be noted for the step.

Arizona Nursing Assistant Candidate Handbook

EFFECTIVE: February 1, 2022

- You may repeat or correct **any step** or **steps** on any task you believe you have performed incorrectly at **any time** during your allotted thirty-five (35) minutes or until you tell the RN Test Observer you are finished with the Skill Test.
- At any time during any task, you may direct the RN Test Observer to move anywhere needed to assist in providing safety for the resident.
- The skill task steps are generally not order dependent, unless the words BEFORE or AFTER are used in a step.
- When you finish each task, verbally tell the RN Test Observer you are finished and move to the designated “relaxation area.” When the RN Test Observer and actor have set up and are ready for your next skill task demonstration, the RN Test Observer will read the scenario for your next task.
- **All steps must actually be demonstrated. Steps that are only verbalized WILL NOT COUNT.**

Skill Test Recording Form

The RN Test Observer will provide a recording form similar to the one displayed below if your skill test includes a skill task which requires recording a count or measurement.

Skill Test Tasks

You will be assigned one of the following mandatory tasks as your first task:

- Catheter Care and Emptying a Urinary Drainage Bag with Hand Washing
- Donning an Isolation Gown and Gloves, Bedpan and Output with Hand Washing
- Perineal Care of a Female with Hand Washing
- Perineal Care of a Male and Changing a Soiled Brief with Hand Washing

Please note: Hand washing using actual soap and water is embedded in each of the mandatory tasks and must be demonstrated at the end of each mandatory task.

You will also receive an additional two or three randomly selected tasks from the Skill Task listing below. These selected tasks will make up your personalized and unique skill test. Each skill test randomly assigned by the WebETest© skill test assignment algorithm will be comparable in overall difficulty. That is why some skill tests will have a differing number of tasks.

Skill Tasks Listing

Every step must actually be performed and demonstrated during your skill test demonstration in order to receive credit.

The steps that are listed for each task are the steps required for a nursing assistant candidate to successfully demonstrate minimum proficiency of the skill task for the RN Test Observer. The steps will be performed on a live resident actor for most of the tasks (the catheter care and perineal care tasks will be done on a manikin). You will be scored only on the steps listed. **You must have a score of 80% on each task without missing any key steps (the Bolded steps) to pass the skill component of your competency evaluation.** Steps marked with an * are weighted more than steps without an * when your percentage score is calculated. If you fail the Skill Test, one of the tasks on your retest will be a task you previously failed. There will always be only one of the four mandatory tasks to start each Skill Test. The other tasks included

Arizona Nursing Assistant Candidate Handbook

EFFECTIVE: February 1, 2022

on your Skill Test are randomly chosen so that every Skill Test is comparable in difficulty and average length of time to complete. Please note: The skill task steps included in this handbook are offered as guidelines to help prepare candidates for the Arizona nursing assistant skill test and the steps included herein are not intended to be used to provide complete care that would be all inclusive of best care practiced in an actual work setting.
