INTRODUCTION

In 1987, the Nursing Home Reform Act was adopted by Congress as part of the Omnibus Budget Reconciliation Act (OBRA '87). It was designed to improve the quality of care in long-term health care facilities and to define training and evaluation standards for Nursing Assistants who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a Nursing Assistant competency evaluation program provides specific standards for Nursing Assistant related knowledge and skills. The purpose of a Nursing Assistant competency evaluation program is to ensure that candidates who are seeking to be Nursing Assistants understand these standards and can competently and safely perform the job of an entry-level Nursing Assistant.

This handbook describes the process of taking the Nursing Assistant competency examination and is designed to help prepare candidates for testing. There are two parts to the Nursing Assistant competency examination—a multiple-choice, knowledge test and a skill test. Exam candidates must be registered, complete approved training, pass both parts of the exam and meet all other requirements of the Arizona Board of Nursing (AZBN) for certification in Arizona.

Arizona has approved D&S Diversified Technologies-Headmaster LLP to provide tests and scoring services for Nursing Assistant Testing. For question not answered in this handbook please contact Headmaster at toll free 800-393-8664 or go to www.hdmaster.com. The information in this handbook will help you prepare for your examination.

PROOF OF LEGAL PRESENCE IN THE UNITED STATES

Starting **June 13, 2016**, every Arizona Nursing Assistant student will need to have proof of legal presence in the United States on file with D&S Diversified Technologies – Headmaster, LLP in order for the instructor/training program staff to enter a completion of training date in the student's WebETest© record and thus for the student to be scheduled for the Arizona knowledge and manual skills CNA exams. All NA training programs will need to collect the documentation, photo or scan the document, attach it to an email and send it to Headmaster upon registration before a training completion date can be entered. This identification document should be the same as the ID document(s) the student is going to use for state testing, e.g. AZ Driver's License issued after 1996 or a US Passport. The FIRST and LAST names on the document must exactly match the FIRST and LAST names entered in the system. A comprehensive list of documents acceptable for proof of legal presence is available on our website at www.hdmaster.com and on the Arizona State Board of Nursing website at: www.azbn.gov.

CNA (CERTIFIED NURSING ASSISTANT) & LNA (LICENSED NURSING ASSISTANT)

The Arizona State Board of Nursing (Board) has 2 levels of nursing assistant:

- **Certified Nursing Assistant (CNA):** Upon passing the required exams and providing proof of legal residence, all qualified persons testing after July 1, 2016 will be listed on the CNA Registry without an additional application to AZBN and can use the initials "CNA".
- **Licensed Nursing Assistant (LNA):** In addition to the requirements to be on the CNA Registry, an LNA applicant must submit a separate application to the AZBN with fingerprints and pay a \$100 fee (\$50 for the application and \$50 for a one-time fingerprint background check). If the applicant meets Board requirements, the Board will license the applicant as an LNA and the applicant can use the initials "LNA". Applications for LNA are available on the Board's website: www.azbn.gov

AMERICANS WITH DISABILITIES ACT (ADA) COMPLIANCE

If you have a qualified disability, you may request special accommodations for your examination. Accommodations must be approved by the Arizona State Board of Nursing in advance of your examination. The request for ADA Accommodation Form 1404AZ is available on the Arizona page of the Headmaster website under the Candidate Forms column at www.hdmaster.com. This form must be submitted to Headmaster with required documentation listed on the second page of the ADA application in order to be reviewed for a special accommodation. If you are scheduling to take your exam online or

through your training program, please make sure you or your training program has submitted the ADA Accommodation Form(s) to Headmaster and also indicated in your online registration that an accommodation has been requested.

SCHEDULING YOUR NURSING ASSISTANT EXAM

In order to schedule an examination date, candidates must have successfully completed an Arizona Board of Nursing (AZBN) approved, nursing assistant (NA) training program or have an AZBN-approved NA Education Waiver. In addition, all nursing assistant certification exam candidates must be registered with D&S Diversified Technologies – Headmaster LLP by their training program, unless a waiver is granted by the AZBN. Your registration information will be transmitted to the AZBN upon passing both portions of the CNA exam..

If your training program has completed your CNA registration information online, you may schedule your exam date online at www.hdmaster.com (click on Arizona, click on WebETest© Start Page, click on Select Test Event/Reschedule and then log-in with your secure Test ID# and Pin# provided to you by your training program or from Headmaster at 800-393-8664. Securely processed VISA or MASTERCARD credit card or debit card information is required first. You will then be able to schedule your test date and receive your test confirmation letter online (Headmaster does not send test confirmation letters to candidates who self schedule or who are scheduled by their training program). If you wish, you may schedule a test date by mailing to Headmaster a Scheduling and Payment Form 1402 indicating your test date choices along with your payment (money order, cashier's check, facility check, Visa or MasterCard – no personal checks or cash.)

- You are not permitted to bring personal belongings such as briefcases, large bags, study materials, extra books, or papers into the testing room. Any such materials brought into the testing room will be collected and returned to you when you have completed the test. The only exception is a word-for-word only language translation dictionary that you must show to the RN Test Observer at check-in and the knowledge test proctor before you start the knowledge test. Only paper back or hard back is permitted. NO ELECTRONIC TRANSLATION DICTIONARIES or any electronic devices are allowed.

RESCHEDULE / CANCELLATION / NO SHOW POLICIES _____

Reschedules - All candidates are entitled to one free reschedule any time up until **1 business day** preceding a scheduled test day, **excluding** Saturdays, Sundays and holidays. Additional reschedules are subject to a \$35 fee that must be paid in full prior to a reschedule taking place. **RESCHEDULES WILL NOT BE GRANTED LESS THAN 1 BUSINESS DAY PRIOR TO A SCHEDULED TEST.**

Cancellations – Cancellation requests must be made within six (6) months of payment of testing fees with Headmaster. A request must be made *in writing* to cancel a test any time up until 1 business day preceding a scheduled test day, **excluding** Saturdays, Sundays, and Holidays, and qualify for a full refund of any testing fees paid minus a \$28 cancellation fee. We accept faxed or emailed requests for cancellation.

No Shows- If you are scheduled for your test and do not show up without notifying Headmaster at least 1 business day prior to your scheduled testing event, **excluding** Saturdays, Sunday, and Holidays, you will be considered a **NO SHOW** and must submit a new application (with payment) to be scheduled for a new test date.

These fees partially offset Headmaster cost incurred for services requested and resulting work that is performed. If a reschedule or cancellation request is not received within 1 business day preceding a scheduled test date, excluding Saturdays, Sundays, and Holidays, a NO SHOW status will exist and your Re-test Request Form with payment must be submitted to Headmaster to secure a new test date.

If you No Show for any of the following reasons please provide the following documentation:

Car breakdown: Headmaster must be contacted within one business day via phone call, fax or email and a tow bill or other appropriate documentation must be submitted within **2 business days** of the test date, if we do not receive proof within the 2 business day time frame you will have to pay as though you were a No Show.

Medical emergency: Headmaster must be contacted within one business day via phone call, fax or email and a doctor's note must be submitted within **5 business days** of the missed exam date, if we do not receive proof within the 5 business days time frame you will have to pay as though you were a No Show.

Death in the family: Headmaster must be contacted and an obituary for **immediate family only** submitted within **14 business days** from a missed test date.

Test Result Review Requests: You may request a review of your test results. There is a \$25 test review fee. To request a review submit \$25 (cashier's check, money order, credit or debit card with expiration date) along with a detailed explanation of why you feel your results are incorrect. Since one qualification for certification as a nursing assistant in Arizona is demonstration by examination of minimum nursing assistant knowledge and skills, the likely outcome of your review will determine who pays for your re-test. If the results of the review are in your favor, Headmaster will pay for your re-test fee and refund your review fee. You must submit your request for a review, the payment and a detailed explanation via email, fax or mail **within 10 business days** of your test date (excluding Saturdays, Sundays and Holidays). Late requests or requests missing review fees will be returned and will not be considered. Headmaster will review your detailed recollection, your knowledge test markings and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations and measurements recorded by the RN Test Observer at the time of your test. Headmaster will re-check the scoring of your test and may contact you and/or the RN Test Observer for any additional recollection of your test(s). Headmaster will complete your review request within 10 business days of the receipt of your timely review request and will email or mail the review results to your email address or physical address of record and to the Arizona Board of Nursing.

SECURITY

Anyone who removes or tries to remove test material, takes notes or information from the test site will be prosecuted to the full extent of the law, will be recorded as a test failure, and will not be allowed to retest for a minimum period of six months. If you give or receive help from anyone during testing (which also includes the use of any electronic devices ie; cell phones, smart watches, etc., during testing), the test will be stopped, your test will not be scored, you will be dismissed from the testing room, you will forfeit any testing fees paid, will have a NO SHOW status in our computer scoring system, and your name will be reported to the appropriate agency.

THE KNOWLEDGE/ORAL TEST

The Knowledge Test Proctor will hand out materials and give instructions for taking the Knowledge Test. You will have a maximum of ninety (90) minutes to complete the 75 question Knowledge Test. Only the first 63 questions will be read orally, the remaining questions will have to be answered without oral assistance to assess English reading comprehension. You will be told when fifteen (15) minutes remain. You may not ask questions about the content of the Knowledge Test (such as "What does this question mean?") For paper tests, fill in only one (1) oval on the answer sheet for each question. **DO NOT** mark in the testing booklet. Marks in the test booklet will not be accepted as answers. Your answers must appear on the separate scan form answer sheet. You must have a score of 75% or better to pass the knowledge portion of the exam.

Electronic testing called WebEtest® using Internet connected computers is utilized at several sites in Arizona. For electronic tests, the Knowledge test portion of your exam will be displayed on a computer screen for you to read and key in your answers. Testing online with WebEtest® allows next business day scoring of tests and eliminates examination material shipping time so test results are available days sooner than with traditional paper and pencil testing.

An audio (Oral) version of the knowledge test is available. However, you must request an Oral test when you submit your application. There is an additional charge for an Oral Test. The questions are read to you, in a neutral manner, from a cassette tape in addition to having the knowledge test and scan form for the paper test. For WebEtest® you will hear the questions on the computer headphones and have control buttons on the computer screen. (play, rewind, pause etc.)

ESL (English as a second language) students are allowed to utilize a word-for-word only translation dictionary for the knowledge portion of the test. The translations must be word-for-word translations only. **NO DEFINITIONS ARE ALLOWED.** The translation dictionary must be in print format. Electronic dictionaries are prohibited. The translation dictionary must be shown to the RN Test Observer at check in and the Knowledge Test Proctor before starting the Knowledge test.

All test materials must be left in the testing room. Anyone who takes or tries to take materials, notes or information from the testing room is subject to prosecution and will be reported to the Arizona Board of Nursing.

KNOWLEDGE TEST CONTENT

The Knowledge Test consists of 75 multiple-choice questions. Questions are selected from subject areas based on the approved Arizona test plan and include questions from all the required categories as defined in OBRA regulations. The subject areas are as follows:

THE MANUAL SKILL TEST

The purpose of the Skill Test is to evaluate your Nursing Assistant skills. You will find a complete list of skill tasks in this handbook. You will be assigned one of the following mandatory tasks as your first task:

- ❖ Perineal Care of a Female
- ❖ Bedpan and Output
- ❖ Perineal Care of a Male with Changing a Soiled Brief

You will also receive an additional two (2) or three (3) randomly selected tasks from the following list for you to perform on your Skill test. The steps that are listed for each skill are the steps required for a Nursing Assistant to completely demonstrate the skill task. You will be scored on these steps. You must have a score of 80% on each task **without missing any key steps** (the **Bolded** steps) to pass the skill portion of the test. Steps marked with an * are weighted more than steps without an * when your percentage score is calculated. If you fail the skill test you will have to take another skill test with three or four tasks on it, one of which will be one of the tasks you failed, one of the three mandatory tasks and 1 or 2 others that will be randomly chosen.

MANUAL SKILLS TEST - WHAT TO EXPECT

- Each of the three or four scenarios associated with your three or four assigned tasks will be read to you immediately before you do each task.
- Listen carefully to all instructions given by the RN Test Observer. You may request to have any of the scenarios repeated anytime during your skill test.
- Be sure you understand all instructions before you begin because you may not ask questions once the Skill Test begins.
- You will be given **forty (40) minutes** to complete the three (3) or four (4) tasks. You must correctly perform all three (3) or four (4) tasks in order to pass the Skill Test. You will be told when 15 minutes remain.
- If you believe you made a mistake while performing a task, say so and then repeat the task or the step on the task you believe you performed incorrectly. You may repeat any step or steps you believe you have performed incorrectly any time during your allotted 40 minutes or until you tell the RN Test Observer you are finished with the Skill Test. Once the Skill Test has begun the RN Test Observer may not answer questions.
- At any time during any skill, you may direct the RN Test Observer to move anywhere needed to assist in providing safety for the resident.
- **All steps must actually be done, steps that are only verbalized WILL NOT COUNT.**

******THE SKILL TASK STEPS INCLUDED IN THIS HANDBOOK ARE FOR DISCRETE SKILL TASK STEPS USED FOR OBJECTIVE TESTING PURPOSES ONLY AND THE STEPS INCLUDED HEREIN ARE NOT INTENDED TO BE USED TO PROVIDE COMPLETE CARE THAT WOULD BE ALL INCLUSIVE OF BEST CARE PRACTICED IN AN ACTUAL WORK SETTING******

TEST RESULTS

After you have completed both the Knowledge Test and Skill Test components your test results will be sent to the Arizona Board of Nursing. You will be certified by the Board only after you meet all Board requirements including passing both the knowledge and skill test components. If you fail either test component, you must reapply to retake the one component that you failed. Procedures for reapplying and detailed test results are included in a failure notification letter mailed or emailed to your address on record.

Test results will be available the same day that they are graded on our website at www.hdmaster.com (4-6 days after a paper testing event). If you tested at a WebETest© facility your test results will be available 24 to 48 hours after an electronic test event (**Excluding** Saturdays, Sundays and Holidays).

You are eligible to test as many times as needed within 2 years of the date of training program completion. After two years, you must complete an AZBN approved training program in order to be eligible to re-test.

You may check your test results on-line by going to www.hdmaster.com, click on ARIZONA and click on On-Line Test Results.

5. Headmaster is unable to schedule you over the telephone for your retest. You will need to submit your Re-Test Request Form (Form 1301) or Scheduling and Payment Form (1402) to Headmaster either by fax (\$5.00 extra fax fee) or by mail.
6. You can schedule a test or re-test on-line at www.hdmaster.com with a VISA or MASTERCARD (click on Arizona, click on WebETest© Start Page, click on Select Test Event/Reschedule and then log-in with your secure Test ID# and Pin# located on your test results letter, you will need to pay with a VISA or MASTERCARD first and then will be able to schedule. Call Headmaster at 800-393-8664 if assistance is needed or to get your ID# and Pin#.)
7. Per the Arizona Board of Nursing, a failing candidate may only take the skill test twice with the same observer to reduce the perception of bias and lessen the chance of over-familiarity between candidate and observer. If an alternate observer is not available at your facility of choice you have the option of testing with the same test observer for a third attempt by letting Headmaster know that is your wish, or you may choose another facility to test at.
8. Per the Arizona Board of Nursing, any candidate who fails their knowledge exam for the third time, or any subsequent knowledge exam, will be required to wait 45 days before scheduling a retest. This does not apply to failed attempts on the manual skill test.

KNOWLEDGE PRACTICE TEST

Available on our web site at www.hdmaster.com we offer a free knowledge test question of the day and a ten question online practice test. You may also purchase complete practice tests that are randomly generated, based on the State test plan, and each practice test taken will be unique. A mastery learning testing method is used. This means candidates must get the question they are attempting correct before they may move onto the next question. A first attempt percentage score and vocabulary feedback are supplied upon completion of the practice test. A list of vocabulary words to study is provided at the end of each test. Single or group purchase plans are available.
