Introduction

In 1987, the Nursing Home Reform Act was adopted by Congress as part of the Omnibus Budget Reconciliation Act (OBRA '87). It was designed to improve the quality of care in long-term health care facilities and to define training and evaluation standards for Nursing Assistants who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a nurse aide competency evaluation program provides specific standards for nurse aide related knowledge and skills. The purpose of a nurse aide competency evaluation program is to ensure that candidates who are seeking to be nurse aides understand these standards and can competently and safely perform the job of an entry-level nurse aide.

This handbook describes the process of taking the nurse aide competency examination and is designed to help prepare candidates for testing. There are two parts to the nurse aide competency examination—a multiple-choice, knowledge test and a skill test. Candidates must pass both parts of the nurse aide competency exam to be identified and listed on the Arkansas Nurse Aide Registry.

Arkansas Department of Human Services (DHS) has approved D&S Diversified Technologies (D&SDT)-HEADMASTER, LLP to provide tests and scoring services for nurse aide testing. For questions not answered in this handbook, please contact D&SDT-HEADMASTER at (888)401-0462 or go to the [Arkansas webpage](#). The information in this handbook will help you prepare for your examination.

Nurse Aide Registry Requirements

The Arkansas Nurse Aide Registry (ARNAR) lists the name of nurse aides who, through training, testing and experience meet federal and/or state requirements to work as a nurse aide in Arkansas. The Registry includes substantiated findings of nurse aide abuse, neglect, misappropriation of resident property, or exploitation involving a nurse aide at a DHS regulated facility.

A nurse aide candidate, upon successful completion of training, passing both the knowledge and skills portions of the competency exam, and meeting federal and/or state requirements will be listed on the ARNAR. A newly trained nurse aide candidate must successfully pass both the knowledge and skills exams within one (1) year of successfully completing a training program. Review the Nurse Aide Competency Exam section below to help prepare for the exam.

Registry Maintenance

Once placed on the Arkansas Registry, it is your responsibility to maintain your demographic information so that renewal notifications/alerts can be delivered to you in a timely manner. You must renew electronically by signing in to your TMU© account at ar.tmutest.com. Use your Email or Username and Password to sign in. If you are new to the system or have forgotten your password, refer to the 'Forget my Password?' section in this handbook to reset your password. If you need assistance signing in to your TMU© account, call D&SDT-HEADMASTER at (888)401-0462. Renewal reminders are emailed to your TMU© account email address of record and/or texted to your SMS capable phone, so it is important to keep your contact information up to date.

Note: Renewal notifications/alerts are sent 60 days before your certification expiration date via email and text message. No renewal certifications are sent via USPS mail. It is important to keep your TMU© demographic information updated to receive your renewal notification.

You can check your registry status at any time, update your address and phone number and check your eligibility expiration date from any Internet capable device.

Registry name changes (marriage/divorce, etc.) must be verified with appropriate documentation. Copies of documentation must be emailed (arkansas@hdmaster.com), faxed (406)442-3357, or mailed to D&SDT-HEADMASTER, P.O. Box 6609, Helena, MT 59604.

Registry Renewal

To maintain eligibility to work you must renew your eligibility every 24 months. To be eligible to renew, you must work for pay as a nurse aide performing nursing or nursing-related services at least eight (8) consecutive hours during the previous 24 months. Nurse aides with misconduct restrictions on the Registry are not eligible for renewal.

To renew, sign in to your TMU© account at ar.tmutest.com and list your work hours and where you were employed. An email verification link will be sent to the employer contact you choose from the list of employers. When the employer verifies your work experience, your eligibility will be extended an additional 24 months. Under federal regulations, a nurse aide becomes ineligible for employment if they do not perform at least 8 hours of nursing related services for pay in a health care setting during a period of 24 consecutive months. To reestablish employment eligibility on the ARNAR, you must successfully pass both components of the approved

Arkansas nurse aide competency examination. Contact D&SDT-HEADMASTER for authorization to schedule the competency test to regain employment eligibility status.

Registry Reciprocity

This information is for applicants who want to be entered on the ARNAR through the Arkansas Reciprocity/Out-of-State registry placement process.

Out-of-State Reciprocity Process

There are multiple methods by which you may be eligible for placement on the ARNAR via the out-of-state registry process. In any case, you must be current and in good standing on a nurse aide registry in a state other than Arkansas to be considered.

To apply for reciprocity placement on the ARNAR, you must complete an Out-of-State reciprocity form [9110AR](#). You may fill out an Out-of-State reciprocity form [9110AR](#) by browsing to the D&SDT-HEADMASTER's [Arkansas webpage](#) and clicking on the [Out-of-State Registry Reciprocity Form 9110AR](#).

Once your completed application, processing fee and all required documentation has been received, D&SDT-HEADMASTER staff will determine if you are eligible to be added to the Arkansas Nurse Aide Registry. You must have a valid email address in order to receive your TMU© login user name and temporary password. You may check your listing on the Arkansas Nurse Aide Registry at [ar.tmutest.com](#). Any personal information entered into TMU© will only be used to determine whether you can work as a nurse aide in Arkansas. Failure to provide complete and accurate information during the reciprocity determination process may delay or even prevent you from being listed on the ARNAR.

- If you have successfully passed a nurse aide competency exam that is the same or substantially similar to the Arkansas competency examination within one (1) year of completing your training program, **your name may be placed on the ARNAR**. You must have a valid email address in order to receive a username and temporary password. Once you have received your username and password, you must log into TMU© at [ar.tmutest.com](#) to verify all your Arkansas registry information and this is where you will renew your registry listing every 24 months with good and sufficient Nursing Assistant work in Arkansas.

Out-of-State Training Waiver Application

Requirements

If you are a nurse aide candidate from another state who has completed a training program of at least 90 hours but have not successfully completed a nurse aide competency exam that is the same or substantially similar to the Arkansas examination, you will be required to successfully complete the Arkansas competency examination within one (1) year of your documented completion of comparable training.

To apply for an out-of-state training waiver, you must complete the Out-of-State Training Waiver Application. The [Out-of-State Training Waiver Application](#) (click link) or can be found at [ar.tmutest.com/apply](#) and clicking on the Out-of-State Training Waiver Application. You must have a valid email address in order to receive a user name and temporary password. Once you have received your username and password you must log into TMU© at [ar.tmutest.com](#) and pick a test event and location of your choosing. Upon passing both the knowledge and skill exams within three attempts your name will be placed on the ARNAR.

Time Frame for Testing from Training Program Completion

You must schedule a test **within one year of your date of training program completion**. After one year, you must complete another Arkansas DHS approved training program in order to be eligible to schedule testing.

Many training programs host and pre-schedule in-facility test dates for their graduating students. Your program/instructor will have informed you if this is the case. Prior to scheduling a test, verify with your instructor if the training program has already scheduled and/or prepaid for your test. Regional test seats are open to all candidates. Regional test dates are posted on the Arkansas TMU© site.

If you have any questions regarding your test scheduling, call D&SDT-HEADMASTER at (888)401-0462, during regular business hours 7:00AM to 7:00PM CST Monday through Friday, excluding holidays.

Friday	The previous Wednesday
Saturday	The previous Thursday
Sunday	The previous Thursday

Note: Reschedules will not be granted less than one full business day prior to a scheduled test date.

Refund of Testing Fees Paid

Requesting a refund of testing fees paid is different than rescheduling a test date. Requesting a refund means that you are not interested in taking the Arkansas nurse aide certification test at all.

SCHEDULED IN A TEST EVENT

- 1) If you are scheduled in a test event, a refund request of testing fees paid must be made by filling out and submitting the [Refund Request Fillable Form 1405](#) on D&SDT-HEADMASTER'S main webpage at www.hdmaster.com at least **one (1) full business day** prior to your scheduled test event (excluding Saturdays, Sundays and Holidays). No phone calls will be accepted.

Example: If you are scheduled to take your exam on a Saturday, Sunday or Monday, you would need to request a refund by close of business the Thursday before your scheduled exam. D&SDT-HEADMASTER is open until 7:00PM Central Standard time.

- 2) Refund requests made in the required time frame qualify for a full refund of any testing fees paid minus a \$35 refund processing fee.
- 3) Refund requests must be made within thirty (30) days of payment of original testing fees with D&SDT. Any requests for refunds made beyond the 30 days of original payment of testing fees with D&SDT will not be issued.

NOT SCHEDULED IN A TEST EVENT

- 1) Refund requests must be made within thirty (30) days of original payment of testing fees with D&SDT. Any requests for refunds made beyond the 30 days of original payment of testing fees with D&SDT will not be issued.
- 2) A refund request of testing fees paid must be made by filling out and submitting the [Refund Request Fillable Form 1405](#) on D&SDT-HEADMASTER'S main webpage at www.hdmaster.com. No phone calls will be accepted.
- 3) Refund requests made in the required time frame qualify for a full refund of any testing fees paid minus a \$35 refund processing fee.

Unforeseen Circumstances Policy

If an exam date is cancelled due to weather or other unforeseen circumstances, D&SDT-HEADMASTER staff will make every effort to contact you using the contact information (phone number/email) we have on file in your TMU© account to reschedule you, for no charge, to a mutually agreed upon new test date.

Therefore, you must keep your contact information in your TMU© account up to date in case we need to contact you (**see examples below for reasons we may not be able to contact you that you are responsible for.*)

If D&SDT-HEADMASTER is unable to reach you via phone call or email with the information in your TMU© account (**see examples below*) in the event of an unforeseen circumstance for a test event you are scheduled in to, you will be taken out of the test event and D&SDT-HEADMASTER will not reschedule you until we hear back from you.

NOTE: The *examples listed below are your responsibility to check and/or keep updated.

- If D&SDT-HEADMASTER leaves you a message or emails you at the phone number or email in your TMU© account and:
 - you do not call us back in a timely manner
 - your phone number is disconnected/mail box is full
 - you do not check your messages in a timely manner
 - you do not check your email or reply to our email in a timely manner
 - your email is invalid or you are unable to access your email for any reason

See more information under '**No Show Exceptions**'.

No Shows

If you are scheduled for your exam and do not show up without notifying D&SDT-HEADMASTER at least one (1) full business day prior to your scheduled testing event, **excluding** Saturdays, Sundays and holidays, OR if you are turned away for lack of proper identification, proper attire, or any other reason to deem you ineligible to test, you will be considered a **NO SHOW**. You will forfeit all fees paid and must submit a new testing fee to schedule yourself into a new test event.

A DHS funded applicant deemed as a 'NO SHOW' is not reimbursable by DHS. You will forfeit all fees paid and must submit a new testing fee to schedule yourself into a new test event. You will not be able to schedule into a new test event until you have paid your testing fee.

These fees partially offset D&SDT-HEADMASTER cost incurred for services requested and resulting work that is performed. If a reschedule or refund request is not received at least one full business day before a scheduled test event, excluding Saturdays, Sundays and holidays (see examples under Reschedules and Refunds of Testing Fees Paid), a NO SHOW status will exist and you will forfeit your testing fees and must repay the full testing fee to secure a new test event.

NO SHOW EXCEPTIONS

Exceptions to the NO SHOW status exist; if you are a NO SHOW for any test component for any of the following reasons, a free reschedule will be authorized to the remitter of record providing **the required documentation is received within the appropriate time frames outlined below:**

- **Car breakdown or accident:** D&SDT-HEADMASTER must be contacted within one business day via phone call, fax or email and a tow bill, police report or other appropriate documentation must be submitted within **three (3) business days** of the exam date. If we do not receive proof within the 3-business day time frame you will have to pay as though you were a NO SHOW.
- **Weather or road condition related issue:** D&SDT-HEADMASTER must be contacted within one business day via phone call, fax or email and a road report, weather report or other appropriate documentation must be submitted within **three (3) business days** of the exam date. If we do not receive proof within the 3-business day time frame you will have to pay as though you were a NO SHOW.

- **Medical emergency or illness:** D&SDT-HEADMASTER must be contacted within one business day via phone call, fax or email and a doctor’s note must be submitted within **three (3) business days** of the missed exam date. If we do not receive proof within the 3-business day time frame you will have to pay as though you were a NO SHOW.
- **Death in the family:** D&SDT-HEADMASTER must be contacted within one business day via phone call, fax or email and an obituary for **immediate family only** submitted within **seven (7) business days** from a missed exam date. If we do not receive proof within the 7-business day time frame you will have to pay as though you were a NO SHOW. (Immediate family include parent, grand and great-grand parent, sibling, children, spouse or significant other.)
- **Remotely proctored testing issues:** D&SDT-HEADMASTER must be contacted within one business day via phone call, fax or email and appropriate documentation must be submitted within **three (3) business days** of the exam date. You have **3 attempts** to pass the knowledge and skill test portions of the exam within one year from your date of nurse aide training program completion. If you do not complete testing within one year from completion of training, you must retrain in order to become eligible to further attempt Arkansas nurse aide examinations.

Retaking the Nurse Aide Exam

In the event that you fail the knowledge and/or skill portion of the examination, when you want to apply for a retest, you will need to repay for the portion that you failed before you can schedule a new exam date.

You can schedule a test or re-test online by signing in to your TMU© account at ar.tmutest.com. (See screen shots under **'Scheduling/Rescheduling into a Test Event'** for rescheduling instructions.) You will need to pay with a Visa, Master Card or debit card before you are able to schedule.

If you need assistance scheduling your re-test, please call D&SDT-HEADMASTER at (888)401-0462 during regular business hours 7:00AM to 7:00PM CST Monday through Friday, excluding holidays. We are able to assist you in scheduling a test or re-test date as long as your fees have been paid first.

Test Review Requests

You may request a review of your test results or dispute any other condition of your testing. **There is a \$25 test review deposit fee.** To request a review, you must submit the PDF fillable [Test Review Request and Payment Form 1403](#) available on D&SDT-HEADMASTER's main webpage at www.hdmaster.com (before you get to the Arkansas CNA webpage). Submit the Test Review Fee of \$25 (MasterCard, Visa or debit card) and a detailed explanation of why you feel your dispute is valid (upload with Form 1403) via the PDF fillable Test Review Request and Payment Form 1403 **within three (3) business days** from official scoring of your test (excluding Saturdays, Sundays and holidays). Late requests will be returned and will not be considered.

PLEASE READ BEFORE FILLING OUT THE TEST REVIEW REQUEST: Please call D&SDT-HEADMASTER at (888)401-0462 and discuss the test outcome you are questioning before committing to sending the \$25 test review request deposit fee. Many times, once you have further details about the scoring of your test, you will understand the scoring process and learn how you can better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT-HEADMASTER staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request.

Since one qualification for certification as an Arkansas nurse aide is demonstration by examination of minimum nurse aide knowledge and skills, the likely outcome of your review will determine who pays for your re-test. If the results of the review are in your favor, D&SDT-HEADMASTER will pay your re-test fee. D&SDT-HEADMASTER will review your detailed recollection, your knowledge test markings and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations and measurements recorded by the RN Test Observer at the time of your test. D&SDT-HEADMASTER will re-check the scoring of your test and may contact you and/or the RN Test Observer for any additional recollection of your test(s). D&SDT-HEADMASTER cannot review test results or reviews with instructors/programs. After a candidate reaches the age of 18, D&SDT-HEADMASTER will only discuss test results or test reviews with the candidate. D&SDT-HEADMASTER will not review test results or reviews with family members or anyone else on behalf of the candidate once the candidate is 18 years of age. D&SDT-HEADMASTER will complete your review request within

10 business days of the receipt of your timely review request and will email the review results to your email address and to the Arkansas Department of Human Services (DHS).

The Knowledge/Audio Exam

You will be required to present your ID again when you enter the knowledge test room and when you enter the skills lab for your skills exam. Please keep your ID with you during the entire exam day.

The Knowledge Test Proctor will hand out materials and give instructions for taking the Knowledge Exam. You will have a maximum of **60 minutes (one hour)** to complete the **75 question** Knowledge Exam. You will be told when fifteen (15) minutes remain. You may not ask questions about the content of the Knowledge Exam (such as “What does this question mean?”).

You must have a score of 76% or better to pass the knowledge portion of the exam.

Electronic testing using TMU© internet connected computers is utilized at all sites in Arkansas. The Knowledge Exam portion of your exam will be displayed on a computer screen for you to read and key/tap or click on your answers.

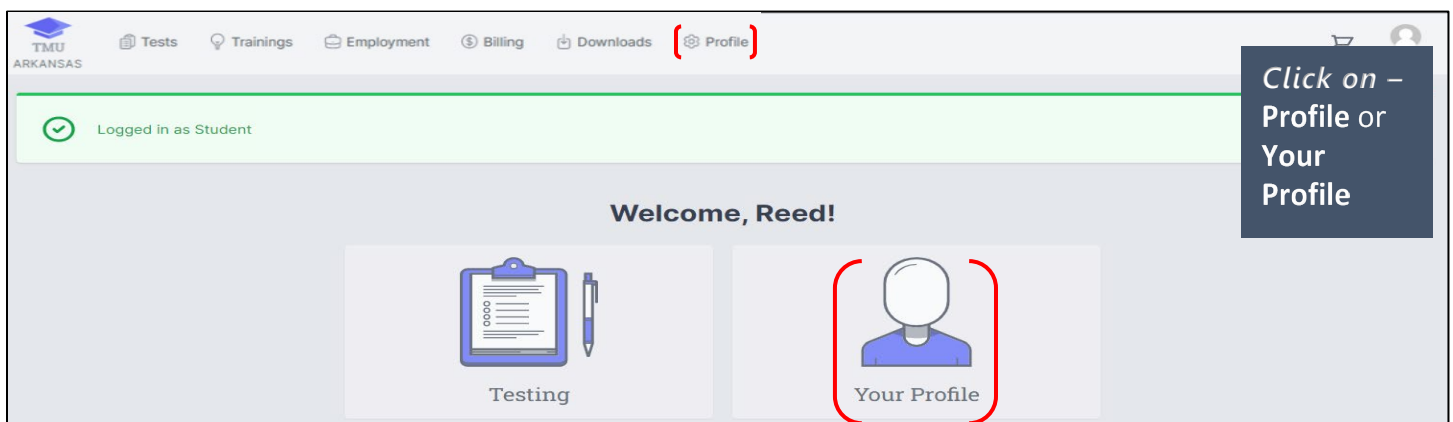

NOTE: You will need your TMU© Username or Email and Password to sign in to your knowledge exam. The Knowledge Test Proctor will provide you a code at the test event to start your test.

An audio (oral) version of the knowledge exam is available. However, you must request an Audio version before you submit your testing fee payment. There is an additional \$10 charge for an Audio version of the Knowledge Exam. The questions are read to you, in a neutral manner, and will be heard through wired headphones/ear buds (Bluetooth devices are not allowed) plugged into the computer. When taking an Audio version of the Knowledge exam, the audio control buttons will be displayed on the computer screen enabling you to play, rewind or pause questions as needed.

NOTE: On the Audio version of the Knowledge Exam, only the first 67 questions will be read orally, the remaining 8 questions will have to be answered without audio assistance to assess English reading comprehension.

Selecting an Audio Version of the Knowledge Exam

To select the Audio version of the knowledge exam, see the instructions that follow.

Checking the 'Enable Audio Testing' to receive an Audio version of the Knowledge Exam:

The screenshot shows a user profile settings page. At the top, there is a 'Notifications' section with a checked box for 'RECEIVE TEXT MESSAGE NOTIFICATIONS (requires valid phone number)'. Below that is the 'Testing Preferences' section, which contains a red-bordered box around the 'ENABLE AUDIO TESTING' checkbox, which is also checked. The Manual Skill Test

- The purpose of the Skill Test is to evaluate your performance when demonstrating Arkansas DHS approved nurse aide skill tasks. You will find a complete list of skill tasks in this handbook.
- You will be asked to re-present your ID that you showed the RN Test Observer at sign-in.
- Be sure you understand all instructions you read while in the waiting area before you begin your skill task demonstrations. You may not ask questions once the Skill Test begins and the timer starts. Once the Skill Test begins, the RN Test Observer may not answer questions.
- Each of your randomly selected 3 or 4 tasks will have scenarios associated with them. The scenarios will be read to you by the RN Test Observer immediately before you are asked to do each task.
- You will be allowed a maximum of **30 minutes** to complete your three or four tasks. After 15 minutes have elapsed, you will be alerted that 15 minutes remain.
- Listen carefully to all instructions given by the RN Test Observer. You may request to have any of the scenarios repeated **at any time** during your Skill Test up until you run out of time or tell the RN Test Observer that you are finished with your skill task demonstrations.
- You must correctly perform all of the **key** steps (in bold font) and 80% of all steps on each task assigned in order to pass the Skill Test.
- If you believe you made a mistake while performing a task, tell the RN Test Observer you would like to make a correction. You will need to correctly demonstrate the step or steps on the task you believe you performed incorrectly in order to receive credit for the correction.
- You may repeat or correct **any step** or **steps** on any task you believe you have performed incorrectly at **any time** during your allotted 30 minutes or until you tell the RN Test Observer you are finished with the Skill Test.
- The skill task steps are not order dependent, unless the words BEFORE or AFTER are used in a step.

Arkansas Nurse Aide Candidate Handbook

- When you finish each task, verbally tell the RN Test Observer you are finished and move to the designated “relaxation area.” When the RN Test Observer and actor have set up and are ready for your next skill task demonstration, the RN Test Observer will read the scenario for your next task.
- **All steps must actually be demonstrated. Steps that are only verbalized WILL NOT COUNT.**

Skill Test Recording Form

The RN test observer will provide a recording form similar to the one displayed below if your skill test includes a skill task which requires recording a count or measurement.

Skill Test Tasks

You will be assigned one of the following mandatory tasks as your first task:

- Bedpan and Output with Hand Washing
- Catheter Care for a Female with Hand Washing [DEMONSTRATED ON A MANIKIN]
- Donning an Isolation Gown and Gloves then Emptying a Urinary Drainage Bag with Hand Washing
- Perineal Care for a Female with Hand Washing [DEMONSTRATED ON A MANIKIN]

Please note: Hand washing with soap and water is embedded in each of the mandatory tasks and must be demonstrated at the end of each mandatory task.

You will also receive an additional two or three randomly selected tasks from the Skill Task listing below. These selected tasks will make up your personalized and unique skill test. Each skill test randomly assigned by the TMU© skill test assignment algorithm will be comparable in overall difficulty. That is why some skill tests will have a differing number of tasks.

Skill Tasks Listing

Every step must actually be performed and demonstrated during your skill test demonstration in order to receive credit.

The steps that are listed for each task are the steps required for a nurse aide candidate to successfully demonstrate minimum proficiency of the skill task for the RN Test Observer. The steps will be performed on a live resident actor for all of the tasks with the exception of two tasks: the catheter care and perineal care for a female task will be demonstrated on a manikin.

You will be scored only on the steps listed. **You must have a score of 80% on each task without missing any key steps (the Bolded steps) to pass the skill component of your competency evaluation.**

If you fail the Skill Test, one of the tasks on your retest will be a task you previously failed. There will always be the one of the four mandatory tasks to start each Skill Test. The other tasks included on your Skill Test are randomly chosen so that every Skill Test is comparable in difficulty and average length of time to complete.

The RN Test Observer will observe your demonstrations of your skill tasks and record what they see you do. D&SDT-HEADMASTER scoring teams will officially score and double check your test.

Please note: The skill task steps included in this handbook are offered as guidelines to help prepare candidates for the Arkansas nurse aide skill test and the steps included herein are not intended to be used to provide complete care that would be all inclusive of best care practiced in an actual work setting.
