Michigan Nurse Aide Candidate Handbook

Introduction

In 1987, the Nursing Home Reform Act was adopted by Congress as part of the Omnibus Budget Reconciliation Act (OBRA '87). It was designed to improve the quality of care in long-term health care facilities and to define training and evaluation standards for nursing aides who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a Nurse Aide Competency Evaluation program provides specific standards for nurse aide related knowledge and skills. The purpose of a nurse aide competency evaluation program is to ensure that candidates who are seeking to be nurse aides understand these standards and can competently and safely perform the job of an entry-level nurse aide.

This handbook describes the process of taking the nurse aide competency examination and is designed to help prepare candidates for testing. There are two parts to the nurse aide competency examination—a multiple-choice, knowledge test and a skill test. Candidates must pass both parts of the nurse aide competency exam to be identified and listed on the Michigan Nurse Aide Registry.

The Michigan Department of Licensing and Regulatory Affairs Bureau of Community and Health Systems (LARA-BCHS) has approved D&S Diversified Technologies, LLP (D&SDT)-Headmaster, LLP to provide tests and scoring services for nurse aide testing. For questions not answered in this handbook, please contact D&SDT-Headmaster at (888)401-0462 or go to D&SDT-Headmaster's [Michigan Nurse Aide \(NA\) webpage](#) or at www.hdmaster.com and click on 'Michigan CNA'. The information in this handbook will help you prepare for your examination.

Michigan Nurse Aide Registry Requirements

The Michigan Nurse Aide Registry (MINAR) lists the name of nurse aides who, through training, testing and experience meet federal and/or state requirements to work as a nurse aide in Michigan. The Registry includes substantiated findings of nurse aide abuse, neglect, misappropriation of resident property, or exploitation involving a nurse aide at a Michigan Department of Licensing and Regulatory Affairs (LARA) regulated facility.

A nurse aide candidate, upon successful completion of training, passing both the knowledge and skills portions of the competency exam, and meeting federal and/or state requirements will be listed on the MINAR. A newly trained nurse aide candidate must successfully pass both the knowledge and skills exams within 24 months of successfully completing a training program. To apply for your certificate and be placed on the registry, go to MI-NATES:

- Click here for a helpful guide to walk you through the account setup instructions: [MILogin/MI-NATES Account Setup Guide](#).
- Click here to view the [MI-NATES user guide for Nurse Aides](#).

Review the Nurse Aide Competency Exam section below to help prepare for the exam.

You must renew electronically by signing in to your TMU© account at <https://mi.tmutest.com>. Use your Email or Username and Password to sign in. If you need assistance signing in to your record, call D&SDT-HEADMASTER at

Michigan Nurse Aide Candidate Handbook

(888)401-0465. Renewal reminders are emailed to your email address of record and/or texted to your SMS capable phone, so it is important to keep your contact information up to date.

Note: Renewal notifications/alerts are sent 60 days before your certification expiration date via email and text message. No renewal certifications are sent via USPS mail. It is important to keep your TMU© demographic information updated to receive your renewal notification.

You can check your registry status at any time, update your address and phone number and check your eligibility expiration date from any Internet capable device.

Registry name changes (marriage/divorce, etc.) must be verified with appropriate documentation. Copies of documentation must be emailed (michigan@hdmaster.com), faxed (406)442-3357, or mailed to D&SDT-HEADMASTER, P.O. Box 6609, Helena, MT 59604.

Registry Renewal

To maintain eligibility to work you must renew your eligibility every 24 months. To be eligible to renew, you must work for pay as a nurse aide performing nursing or nursing-related services (**EFFECTIVE 5-3-2023 at least forty (40) consecutive hours**) during the previous 24 months. Nurse aides with misconduct restrictions on the Registry are not eligible for renewal.

You must renew electronically by signing in to your TMU© account at <https://mi.tmutest.com>. Use your Email or Username and Password to sign in. Michigan Nurse Aide Candidate Handbook

Under federal regulations, a nurse aide becomes ineligible for employment if they do not perform **(EFFECTIVE 5-3-2023) at least forty (40) hours** of nursing related services for pay in a health care setting during a period of 24 consecutive months. If you do not have 40 hours of nursing related services for pay in a health care setting during a period of 24 consecutive months, or you are more than 2 years out of date, you will need to go through a state approved nurse aide training program in order to be able to test again.

Registry Reciprocity

This information is for applicants who want to be entered on the MINAR through the Michigan Reciprocity/Out-of-State registry placement process.

Out-of-State Reciprocity Process

For applicants that currently hold a nurse aide certification in another state, the State of Michigan will grant reciprocity under the conditions listed in Section 333.21913 of the Michigan Public Health Code.

Candidates seeking reciprocity must be in good standing on a nurse aide registry in a state that meets the Michigan requirements for reciprocity to be eligible for certification in Michigan.

RECIPROCITY TO MICHIGAN APPROVED STATES

The following states meet or exceed the Michigan requirements:

ALABAMA	KANSAS	OHIO
ALASKA	KENTUCKY	OKLAHOMA
ARIZONA	LOUISIANA	OREGON
ARKANSAS	MAINE	PENNSYLVANIA
CALIFORNIA	MISSISSIPPI	SOUTH CAROLINA
COLORADO	MISSOURI	SOUTH DAKOTA
CONNECTICUT	NEBRASKA	TENNESSEE
GEORGIA	NEVADA	TEXAS
HAWAII	NEW HAMPSHIRE	UTAH
IDAHO	NEW JERSEY	WASHINGTON
ILLINOIS	NEW MEXICO	WISCONSIN
INDIANA	NEW YORK	
IOWA	NORTH DAKOTA	

A candidate that has passed training and testing in one of the above states is eligible to apply for a Michigan CNA certificate through D&SDT-Headmaster.

To apply for reciprocity placement on the MINAR, you must complete an Out-of-State reciprocity form 9110MI. You may fill out an Out-of-State reciprocity form 9110MI by browsing to the D&SDT-HEADMASTER's [Michigan webpage](#).

Once your completed application, processing fee of \$20 and all required documentation has been received, D&SDT-HEADMASTER staff will determine if you are eligible to be added to the Michigan Nurse Aide Registry. You must have a valid email address in order to receive your TMU© login user name and temporary password. You may check your listing on the Michigan Nurse Aide Registry at <https://mi.tmutest.com>. Any personal information entered into TMU© will only be used to determine whether you can work as a nurse aide in Michigan. Failure to provide

Michigan Nurse Aide Candidate Handbook

complete and accurate information during the reciprocity determination process may delay or even prevent you from being listed on the MINAR.

A candidate that did not undergo training and testing from a state listed above is not eligible for reciprocity.

OUT-OF-STATE TRAINING WAIVER FOR MICHIGAN TEST ELIGIBILITY

If you are a nurse aide candidate from one of the states listed above who has completed a training program that meets the Michigan requirements for reciprocity (see below), but have not successfully completed a nurse aide competency exam, you will be required to successfully complete the Michigan competency examination within 24 months of your documented completion of training in another state that Michigan has reciprocity with (Approved States – Reciprocity above).

Michigan requirements for reciprocity includes, but not limited to:

- ❖ The training program is consistent with the Federal Code of Regulations,
- ❖ requires a minimum of 75 course hours prior to taking a competency evaluation examination, and
- ❖ does not allow candidates to exempt out of the training course hours or testing.

To apply for an Out-of-State Training Waiver for Test Eligibility, fill out the Out-of-State Training Waiver for Michigan Test Eligibility by browsing to the D&SDT-HEADMASTER's [Michigan webpage](#). You will need to attach your proof of training when you submit the form.

Once your completed waiver and required documentation has been received, D&SDT-HEADMASTER staff will determine if you are eligible to test. You must have a valid email address in order to receive your TMU© login user name and temporary password. Once you have received your username and password, you must log into TMU© at <https://mi.tmutest.com> and pick a test event and location of your choosing. Upon passing both the knowledge and skill exams within three attempts, your name will be placed on the MINAR.

Americans with Disabilities Act (ADA)

ADA Compliance

The Michigan Department of Licensing and Regulatory Affairs (LARA) and D&SDT-Headmaster provide reasonable accommodations for candidates with disabilities or limitations that may affect their ability to perform the nurse aide competency examination. Accommodations are granted in accordance with the Americans with Disabilities Act (ADA).

If you have a qualified disability or limitation, you may request special accommodations for examination. Accommodations must be approved by D&SDT-Headmaster in advance of examination. The request for accommodations can be found on the [D&SDT-HEADMASTER webpage](#) and clicking on the PDF Fillable [ADA Accommodation Form 1404](#). Fill out the ADA Request and attach with the required documentation found on the second page of the request form to an email to: michigan@hdmaster.com, in order to be reviewed for an accommodation.

ADA request forms submitted without supporting documentation of a diagnosed disability will not be accepted or reviewed.

Please allow additional time for your request to be approved. If you have any questions regarding the ADA review process or specific required documentation, please call D&SDT-Headmaster at (888)401-0462.

Unforeseen Circumstances Policies

If an exam date is cancelled due to an unforeseen circumstance, D&SDT-Headmaster staff will make every effort to contact you using the contact information (phone number/email) we have on file to reschedule you, for no charge, to a mutually agreed upon new test date.

Therefore, you must keep your contact information up to date in case we need to contact you (**see examples below for reasons we may not be able to contact you that you are responsible for.*)

If D&SDT-Headmaster is unable to reach you via phone call or email with the information in your record (**see examples below*) in the event of an unforeseen circumstance for a test event you are scheduled in to, you will be taken out of the test event and D&SDT-Headmaster will not reschedule you until we hear back from you.

NOTE: The **examples* listed below are your responsibility to check and/or keep updated.

- If D&SDT-HEADMASTER leaves you a message or emails you at the phone number or email in your record and:
 - you do not call us back in a timely manner
 - your phone number is disconnected/mail box is full
 - you do not check your messages in a timely manner
 - you do not check your email or reply to our email in a timely manner
 - your email is invalid or you are unable to access your email for any reason

If an exam date is cancelled due to weather or other unforeseen circumstances, D&SDT-Headmaster staff will make every effort to contact you via email, text message and phone call using the contact information we have on file to reschedule you, for no charge, to a mutually agreed upon new test date. Therefore, you must keep your contact information up to date in case we need to contact you. **See more information under 'No Show Exceptions'.**

- The test site closes.
- The test observer cancels the test event.
- There is an accident due to weather or other cause on your route to the test site, in which case:

Michigan Nurse Aide Candidate Handbook

- Documentation from the Department of Transportation Services or a Police report is required within 3 business days of your scheduled exam day to qualify for a free reschedule.

If the above listed circumstances are not met, failure to attend your scheduled test date will result in a NO SHOW status and any exam fees paid *will NOT be refunded*.

No Shows

If you are scheduled for your exam and do not show up without notifying D&SDT-Headmaster at least one (1) full business day prior to your scheduled testing event, **excluding** Saturdays, Sundays and holidays, OR if you are turned away for lack of proper identification, proper attire, or any other reason to deem you ineligible to test, you will be considered a **NO SHOW**. You will forfeit all fees paid and must sign into your TMU© record to repay or submit a new testing fee to schedule yourself into a new test event.

These fees partially offset D&SDT-Headmaster's costs incurred for services requested and resulting work that is performed. If a reschedule or refund request is not done or received before the one (1) full business day preceding a scheduled test event, excluding Saturdays, Sundays and holidays (see examples under Reschedules and Refunds of Testing Fees Paid), a NO SHOW status will exist and you will forfeit your testing fees and must repay the full testing fee to secure a new test event.

NOTE: Federal and State regulations allow health care facilities to employ students for up to 120 days from the day employment and training is offered in an approved facility-based nurse aide training and competency evaluation program. However, if you fail three (3) attempts on either portion of the state competency exam, the facility is no longer allowed to employ you to perform nurse aide duties.

Test Attempts

You have **three (3) attempts** to pass the knowledge and skill test portions of the exam **within twenty-four (24) months** from your date of nursing aide training program completion. If you do not complete testing within 24 months from completion of training, you must complete a new Michigan Department of Licensing and Regulatory Affairs (LARA) approved training program in order to become eligible to further attempt Michigan NA examinations.

Retaking the Nurse Aide Exam

In the event that you fail the knowledge and/or skill portion of the examination, when you want to apply for a retest, you will need to repay for the portion that you failed before you can schedule a new exam date.

Michigan Nurse Aide Candidate Handbook

You can schedule a test or re-test on-line in your TMU© record with your Email or Username and Password online at: <https://mi.tmutest.com>. You will need to pay with a Visa or Master Card before you are able to schedule. (See instructions with screen shots under ‘Schedule/Reschedule into a Test Event’.) Call D&SDT-Headmaster at (888)401-0462 during regular business hours 8:00AM to 8:00PM EST/7:00AM to 7:00PM CST, Monday through Friday, excluding holidays, if assistance is needed. We are able to assist you in scheduling a test or re-test date as long as your fees have been paid first.

Test Review Requests

You may request a review of your test results or dispute any other condition of your testing. **There is a \$25 test review deposit fee.** To request a review, you must submit the PDF fillable [Test Review Request and Payment Form 1403](#) available on D&SDT-Headmaster’s main webpage at www.hdmaster.com (before you get to the Michigan webpage). Submit the Test Review Fee of \$25 (MasterCard, Visa or debit card) and a detailed explanation of why you feel your dispute is valid (upload with Form 1403) via the PDF fillable Test Review Request and Payment Form 1403 **within three (3) business days** from official scoring of your test (excluding Saturdays, Sundays and holidays). Late requests will be returned and will not be considered.

PLEASE READ BEFORE FILLING OUT THE TEST REVIEW REQUEST: Please call D&SDT-HEADMASTER at (888)401-0462 and discuss the test outcome you are questioning before committing to sending the \$25 test review request deposit fee. Many times, once you have further details about the scoring of your test, you will understand the scoring process and learn how you can better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT-HEADMASTER staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request.

Since one qualification for certification as a CNA in Michigan is demonstration by examination of minimum nurse aide knowledge and skills, the likely outcome of your review will determine who pays for your re-test. If the results of the review are in your favor, D&SDT-Headmaster will pay your re-test fee. D&SDT-Headmaster will review your detailed recollection, your knowledge test markings and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations and measurements recorded by the RN Test Observer at the time of your test. D&SDT-Headmaster will re-check the scoring of your test and may contact you and/or the RN Test Observer for any additional recollection of your test(s). D&SDT-Headmaster cannot review test results or reviews with instructors/programs. After a candidate reaches the age of 18, D&SDT-Headmaster will only discuss test results or test reviews with the candidate. D&SDT-Headmaster will not review test results or reviews with family members or anyone else on behalf of the candidate once the candidate is 18 years of age. D&SDT - Headmaster will complete your review request within 10 business days of the receipt of your timely review request and will email the review results to your email address and to the Michigan Department of Licensing and Regulatory Affairs (LARA).

The Knowledge/Audio Exam

You will be required to re-present your ID when you enter the knowledge test room and when you enter the skills lab for your skills exam. Please keep your ID with you during the entire exam day.

The Knowledge Test Proctor will hand out materials and give instructions for taking the Knowledge Test. You will have a maximum of **60 minutes** to complete the **65 question** Knowledge Test. You will be told when fifteen (15) minutes remain. You may not ask questions about the content of the Knowledge Test (such as “What does this

Michigan Nurse Aide Candidate Handbook

question mean?") The Knowledge Test Proctor will have scratch paper and a basic calculator available for use during your knowledge exam.

You must have a score of 74% or better to pass the knowledge portion of the exam.

Electronic TMU© testing using Internet connected computers is utilized at all test sites in Michigan. The Knowledge test portion of your exam will be displayed on a computer screen for you to read and key in your answers.

An audio (oral) version of the knowledge test is available. However, you must request an Audio test before you submit your testing fee payment. The questions are read to you, in a neutral manner and can be heard through headphones/earbuds plugged into the computer. When taking an electronic Audio exam, the audio control buttons will be displayed on the computer screen enabling you to play, rewind or pause questions as needed.

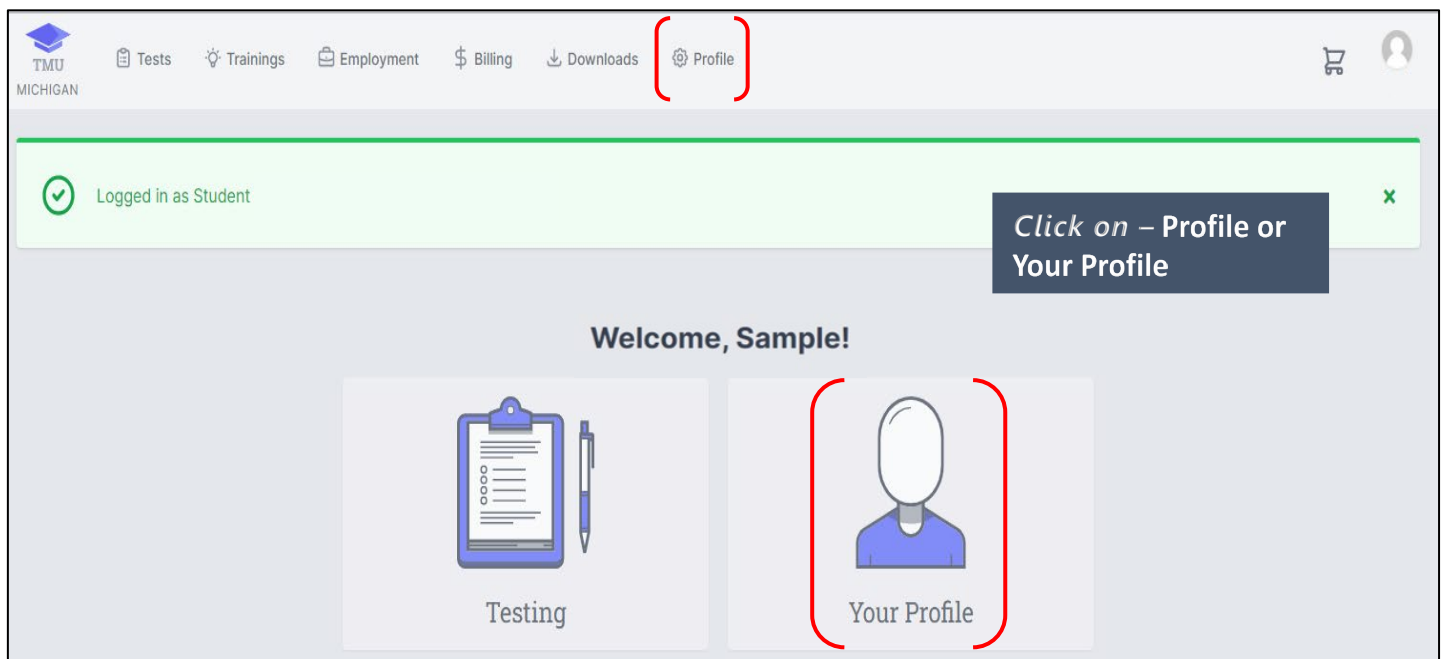

- ❖ *Foreign language translation dictionaries, translator devices of any type or non-approved language translators are not be permitted to be used during testing.*

All test materials, including scratch paper and calculator, must be left in the testing room. The Manual Skill Test

- The purpose of the Skill Test is to evaluate your performance when demonstrating LARA approved nurse aide skill tasks. You will find a complete list of skill tasks in this handbook.
- You will be asked to re-present your ID that you showed the RN Test Observer at sign-in.
- Be sure you understand all instructions you read while in the waiting area before you begin your skill task demonstrations. You may not ask questions once the Skill Test begins and the timer starts. Once the Skill Test begins, the RN Test Observer may not answer questions.
- Each of your randomly selected three (3) or four (4) tasks will have scenarios associated with them. The scenarios will be read to you by the RN Test Observer immediately before you are asked to do each task.
- You will be allowed a maximum of **thirty (30) minutes** to complete your three or four tasks. After fifteen (15) minutes have elapsed, you will be alerted that 15 minutes remain.

Michigan Nurse Aide Candidate Handbook

- Listen carefully to all instructions given by the RN Test Observer. You may request to have any of the scenarios repeated **at any time** during your Skill Test up until you run out of time or tell the RN Test Observer that you are finished with your skill task demonstrations.
- You must correctly perform all of the **key** steps (in **bold** font) and 80% of all non-key steps on each task assigned in order to pass the Skill Test.
- If you believe you made a mistake while performing a task, tell the RN Test Observer you would like to make a correction. You will need to correctly demonstrate the step or steps on the task you believe you performed incorrectly in order to receive credit for the correction.
- You may repeat or correct **any step** or **steps** on any task you believe you have performed incorrectly at **any time** during your allotted 30 minutes or until you tell the RN Test Observer you are finished with the Skill Test.
- The skill task steps are not order dependent, unless the words *BEFORE* or *AFTER* are used in a step.
- When you finish each task, verbally tell the RN Test Observer you are finished and move to the designated “relaxation area.” When the RN Test Observer and actor have set up and are ready for your next skill task demonstration, the RN Test Observer will read the scenario for your next task.
- **All steps must actually be demonstrated. Steps that are only verbalized WILL NOT COUNT.**

Skill Test Recording Form

The RN test observer will provide a recording form similar to the one displayed below if your skill test includes a skill task which requires recording a count or measurement.

Skill Test Tasks

You will be assigned one of the following mandatory tasks with embedded hand washing using soap and water as your first task:

- Assisting Resident with the use of a Bedpan, Measure and Record Urine Output with Hand Washing
- Catheter Care for a Female with Hand Washing
- Donning PPE (Gown and Gloves), Emptying a Urinary Drainage Bag, Measure and Record Urine Output and Remove PPE with Hand Washing

You will also receive an additional two (2) or three (3) randomly selected tasks from the Skill Task listing below. These selected tasks will make up your personalized and unique skill test. Each skill test randomly assigned by the TMU© skill test assignment algorithm will be comparable in overall difficulty.

Skill Tasks Listing

Every step must actually be performed and demonstrated during your skill test demonstration in order to receive credit.

The steps that are listed for each task are the steps required for a nurse aide candidate to successfully demonstrate minimum proficiency of the skill task for the RN Test Observer. The steps will be performed on a live resident actor for all of the tasks with the exception of the catheter care for a female and the perineal care for a female tasks that will be demonstrated on a manikin.

You will be scored only on the steps listed.

You must have a score of 80% on each task without missing any key steps (the bolded steps) to pass the skill component of your competency evaluation.

If you fail the Skill Test, one of the tasks on your retest will be a task you previously failed. There will always be one of the first mandatory tasks to start each Skill Test. The other tasks included on your Skill Test are randomly chosen so that every Skill Test is comparable in difficulty and average length of time to complete. The RN Test Observer will observe your demonstrations of your skill tasks and record what they see you do. D&SDT-Headmaster scoring teams will officially score and double check your test.

Please note: The skill task steps included in this handbook are offered as guidelines to help prepare candidates for the Michigan nurse aide skill test and the steps included herein are not intended to be used to provide complete care that would be all inclusive of best care practiced in an actual work setting.
