Missouri Nurse Aide Candidate Handbook

Introduction

In 1987, the Nursing Home Reform Act was adopted by Congress as part of the Omnibus Budget Reconciliation Act (OBRA '87). It was designed to improve the quality of care in long-term health care facilities and to define training and evaluation standards for Nursing Assistants who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a nurse aide competency evaluation program provides specific standards for nurse aide related knowledge and skills. The purpose of a nurse aide competency evaluation program is to ensure that candidates who are seeking to be nurse aides understand these standards and can competently and safely perform the job of an entry-level nurse aide.

This handbook describes the process of taking the nurse aide competency examination and is designed to help prepare candidates for testing. There are two parts to the nurse aide competency examination—a multiple-choice, knowledge test and a skill test. Candidates must pass both parts of the nurse aide competency exam to be identified and listed on the Missouri Nurse Aide Registry.

The Missouri Department of Health and Senior Services (DHSS) approved D&S Diversified Technologies (D&SDT)-HEADMASTER, LLP to provide tests and scoring services for nurse aide testing. For questions not answered in this handbook, please contact D&SDT-HEADMASTER at (888)401-0462 or go to the [Missouri webpage](#). The information in this handbook will help you prepare for your examination.

Nurse Aide Registry Requirements

The Missouri Nurse Aide Registry (MOCNAR) lists the name of certified nurse aides who, through training, testing and experience meet federal and/or state requirements to work as a certified nurse aide in Missouri. The Registry also identifies candidates who have been placed on the EDL (Employee Disqualification List) or who have a Federal Indicator (a CNA employed in a certified facility that has been found guilty of abuse, neglect or misappropriation of property) on their license.

A nurse aide candidate, upon successful completion of training, passing both the knowledge and skills portions of the competency exam, and meeting federal and/or state requirements will be listed on the Missouri Certified Nurse Aide Registry (MOCNAR). A newly trained nurse aide candidate must successfully pass both the knowledge and skills exams within one (1) year of training start date. Review the Nurse Aide Competency Exam section below to help prepare for the exam.

Registry Maintenance

Once placed on the Missouri CNA Registry, it is your responsibility to maintain your demographic information so that renewal notifications/alerts can be delivered to you in a timely manner. You must renew electronically by signing in to your TMU© account at <https://mo.tmutest.com>. Use your Email or Username and Password to sign in. If you are new to the system or have forgotten your password, refer to the 'Forget my Password and Recover My Account' section in this handbook to reset your password. If you need assistance signing in to your record, call D&SDT-HEADMASTER at (888)401-0462 or (888)401-0465 during regular business hours 7:00AM to 7:00PM CST Monday through Friday, excluding holidays. Renewal reminders are emailed to your email address of record and/or texted to your SMS capable phone, so it is important to keep your contact information up to date.

Missouri Nurse Aide Candidate Handbook

Note: Renewal notifications/alerts are sent 60 days before your certification expiration date via email and text message. No renewal certifications are sent via USPS mail. It is important to keep your TMU© demographic information updated to receive your renewal notification.

You can check your registry status at any time, update your address and phone number and check your eligibility expiration date from any Internet capable device.

Registry name changes (marriage/divorce, etc.) must be verified with appropriate documentation. Copies of documentation must be emailed (missouri@hdmaster.com), faxed (406)442-3357, or mailed to D&SDT-HEADMASTER, P.O. Box 6609, Helena, MT 59604.

Registry Renewal

To maintain eligibility to work you must renew your eligibility every 24 months. To be eligible to renew, you must work for pay as a certified nurse aide performing nursing or nursing-related services at least eight (8) consecutive hours during the previous 24 months. Certified nurse aides with a Federal Indicator on the Registry are not eligible for renewal.

To renew, sign in to your TMU© record at <https://mo.tmutest.com> and list your work hours and where you were employed. An email verification link will be sent to the employer contact you choose from the list of employers. When the employer verifies your work experience, your eligibility will be extended an additional 24 months.

Under federal regulations, a certified nurse aide becomes ineligible for employment if they do not perform at least 8 hours of nursing related services for pay in a health care setting during a period of 24 consecutive months. To reestablish employment eligibility on the MOCNAR, you must successfully pass both components (knowledge and skills) of the approved Missouri nurse aide competency examination.

Registry Reciprocity

This information is for applicants who want to be entered on the MOCNAR through the Missouri Reciprocity/Out-of-State registry placement process.

How to Transfer your Certified Nurse's Assistant (CNA) Certification to Missouri from another State

You must be current and in good standing on a certified nurse aide registry in a state other than Missouri to be considered for placement on the MOCNAR.

For the criteria and to apply for reciprocity placement on the MOCNAR, you must complete an Out-of-State reciprocity form. You may fill out an Out-of-State reciprocity form by browsing to D&SDT-HEADMASTER's [Missouri webpage](#).

Once your completed application and all required documentation have been received by DHSS, they will determine if you are eligible to be added to the Missouri Certified Nurse Aide Registry. You must have a valid email address in order to receive your TMU© login user name and temporary password. You may check your listing on the Missouri Nurse Aide Registry (MOCNAR) at <https://mo.tmutest.com>. Any personal information entered into TMU© will only be used to determine whether you can work as a certified nurse aide in Missouri.

Missouri Nurse Aide Candidate Handbook

Failure to provide complete and accurate information during the reciprocity determination process may delay or even prevent you from being listed on the MOCNAR.

Criteria to Challenge the Certified Nurse Aide Training Requirement

Individuals who meet special criteria may be eligible to take just the final certification examination (both knowledge and skills) without taking the certified nursing assistant course. For detailed information on the criteria to challenge the exam, follow the Missouri Department of Health and Senior Services link below:

health.mo.gov/safety/cnaregistry/

Americans with Disabilities Act (ADA)

ADA Compliance

The Missouri Department of Health and Senior Services and D&SDT-HEADMASTER provide reasonable accommodations for candidates with disabilities or limitations that may affect their ability to perform the nurse aide competency examination. Accommodations are granted in accordance with the Americans with Disabilities Act (ADA).

If you have a qualified disability or limitation, you may request special accommodations for examination. Accommodations must be approved by D&SDT-HEADMASTER in advance of examination. The request for accommodations can be found on the [D&SDT-HEADMASTER webpage](#) and clicking on the PDF Fillable [ADA Accommodation Form 1404](#). This form must be electronically submitted to D&SDT-HEADMASTER with required documentation listed on the second page of the ADA application in order to be reviewed for an accommodation.

ADA request forms submitted without supporting documentation of a diagnosed disability will not be accepted or reviewed.

Please allow additional time for your request to be approved. If you have any questions regarding the ADA review process or specific required documentation, please call D&SDT-HEADMASTER at (888)401-0462.

Inclement Weather and Unforeseen Circumstances Policy

If an exam date is cancelled due to weather or other unforeseen circumstances, D&SDT-HEADMASTER staff will make every effort to contact you via email, text message and phone call using the contact information we have on file to reschedule you, for no charge, to a mutually agreed upon new test date. Therefore, you must keep your contact information up to date in case we need to contact you. See more information under 'No Show Exceptions'.

In the event of inclement weather, you will be expected to attend your schedule exam date unless:

- The county you reside in or the county of the testing site is placed on a weather or other emergency.
- The test site closes.
- The test observer cancels the test event.
- There is an accident due to weather or other cause on your route to the test site, in which case:
 - Documentation from the Department of Transportation Services or a Police report is required within 3 business days of your scheduled exam day to qualify for a free reschedule.

If the above listed circumstances are not met, failure to attend your scheduled test date will result in a NO SHOW status and any exam fees paid *will NOT be refunded*.

Candidate Feedback – Exit Survey

Candidates are provided the opportunity to complete an exit survey via a link when checking their test results in their TMU© record. The survey is confidential and will not have any bearing on the outcome of any test. You are encouraged to complete the survey questions with honest feedback regarding the examination process to help improve the testing process.

Security

If you refuse to follow directions, use abusive language or disrupt the examination environment, your test will be stopped and scored as a failed attempt. You will be dismissed from the testing room and will forfeit any testing fees paid and a report of your behavior will be given to your training program and the Missouri DHSS. You will not be allowed to retest for a minimum period of six (6) months.

If you remove or try to remove test material or take notes or information from the test site, you will be reported to your training program and the Missouri DHSS and are subject to prosecution to the full extent of the law. Your test will be scored as a failed attempt and you will forfeit any testing fees paid. You will not be allowed to retest for a minimum period of six (6) months. You must obtain permission from the Missouri DHSS in order to be eligible to test again.

If you give or receive help from anyone during testing (which also includes the use of any electronic recording devices such as cell phones, smart watches, or navigating to other browsers/sites during either component of the exam, etc.), your test will be stopped, you will be dismissed from the testing room and your test will be scored as a failed attempt. You will forfeit any testing fees paid. You will be reported to your training program and the Missouri Department of Health and Senior Services and you must obtain permission from DHSS in order to be eligible to test again.

Missouri Nurse Aide Candidate Handbook

Refund of Testing Fees Paid

Requesting a refund of testing fees paid is different than rescheduling a test date. Requesting a refund means that you are not interested in taking the Missouri nurse aide certification test at all.

Scheduled in a Test Event

- 1) If you are scheduled in a test event, a refund request of testing fees paid must be made by filling out and submitting the [Refund Request Fillable Form 1405](#) on D&SDT-Headmaster's main webpage at www.hdmaster.com at least **one (1) full business day** prior to your scheduled test event (excluding Saturdays, Sundays and Holidays). No phone calls will be accepted.
 - *Example:* If you are scheduled to take your exam on a Saturday, Sunday or Monday, you would need to request a refund by filling out and submitting the Refund Request Fillable Form on the D&SDT-Headmaster main webpage at www.hdmaster.com by close of business the Thursday before your scheduled exam. D&SDT-Headmaster is open until 7:00PM Central time, Monday through Friday, excluding holidays.
- 2) Refund requests made in the required time frame qualify for a full refund of any testing fees paid minus a \$35 refund processing fee.
- 3) Refund requests must be made within thirty (30) days of payment of original testing fees with D&SDT-Headmaster. Any requests for refunds made beyond the 30 days of original payment of testing fees with D&SDT-Headmaster *will not be issued*.

Not Scheduled in a Test Event

- 1) Refund requests must be made within thirty (30) days of original payment of testing fees with D&SDT-Headmaster. Any requests for refunds made beyond the 30 days of original payment of testing fees with D&SDT-Headmaster *will not be issued*.
- 2) A refund request of testing fees paid must be made by filling out and submitting the [Refund Request Fillable Form 1405](#) on D&SDT-Headmaster's main webpage at www.hdmaster.com. No phone calls will be accepted.
- 3) Refund requests made in the required time frame qualify for a full refund of any testing fees paid minus a \$35 refund processing fee.

No Shows

If you are scheduled for your exam and do not show up without notifying D&SDT-HEADMASTER at least one (1) full business day prior to your scheduled testing event, **excluding** Saturdays, Sundays and holidays, OR if you are turned away for lack of proper identification, proper attire, or any other reason to deem you ineligible to test, you will be considered a **NO SHOW**. You will forfeit all fees paid and must sign into your TMU© record to repay or submit a new testing fee to schedule yourself into a new test event.

These fees partially offset D&SDT-HEADMASTER cost incurred for services requested and resulting work that is performed. If a reschedule or refund request is not received at least one full business day before a scheduled test event, **excluding** Saturdays, Sundays and Holidays (see examples under Reschedules and Refunds of Testing Fees Paid), a NO SHOW status will exist and you will forfeit your testing fees and must repay the full testing fee to secure a new test event.

Missouri Nurse Aide Candidate Handbook

Test Attempts

You have **3 attempts** to pass the knowledge and skill test portions of the exam within one year from your start of nurse aide training date. If you do not complete testing within one year from your start of training date, you must retrain in order to become eligible to further attempt Missouri nursing assistant examinations.

Retaking the Nursing Assistant Test

In the event that you fail the knowledge and/or skill portion of the examination, when you want to apply for a retest, you will need to repay for the portion that you failed before you can schedule a new exam date.

You can schedule a test or re-test online by signing in to your TMU© record at <https://mo.tmutest.com/>. (See screen shots under “Schedule/Reschedule into a Test Event” for rescheduling instructions.)

You will need to pay with a Visa, Master Card or debit card before you are able to schedule.

If you need assistance scheduling your re-test, please call D&SDT-HEADMASTER at (888)401-0462 during regular business hours 7:00AM to 7:00PM CST Monday through Friday, excluding holidays. We are able to assist you in scheduling a test or re-test date as long as your fees have been paid first.

Test Review Requests

You may request a review of your test results or dispute any other condition of your testing. **There is a \$25 test review deposit fee.** To request a review, you must submit the PDF fillable [Test Review Request and Payment Form 1403](#) available on D&SDT-HEADMASTER’s main webpage at www.hdmaster.com. Submit the Test Review Fee of \$25 (Visa, MasterCard or debit card) and a detailed explanation of why you feel your dispute is valid **within three (3) business days** from official scoring of your test (excluding Saturdays, Sundays and holidays). Late requests will be returned and will not be considered.

PLEASE READ BEFORE FILLING OUT THE TEST REVIEW REQUEST: Please call D&SDT-HEADMASTER at (888)401-0462 during regular business hours 7:00AM to 7:00PM CST Monday through Friday, excluding holidays, and discuss the test outcome you are questioning before committing to sending the \$25 test review request deposit. Many times, once you have further details about the scoring of your test, you will understand the scoring process and learn how you can better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT-HEADMASTER staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request. If, after investigation, the finding of the review is in your favor, you will receive your \$25 test review deposit back in full.

Since one qualification for certification as a Missouri nurse aide is demonstration by examination of minimum nurse aide knowledge and skills, the likely outcome of your review will determine who pays for your re-test. If the results of the review are in your favor, D&SDT-HEADMASTER will pay your re-test fee. D&SDT-HEADMASTER will review your detailed recollection, your knowledge test markings and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations and measurements recorded by the RN Test Observer at the time of your test. D&SDT-HEADMASTER will re-check the scoring of your test and may contact you and/or the RN Test Observer and professional Actor for any additional recollection of your test(s). After a candidate reaches the age of 18, D&SDT-HEADMASTER will only discuss test results or test disputes with the candidate or the candidate’s training program/instructor. D&SDT-HEADMASTER will not

Missouri Nurse Aide Candidate Handbook

review test results or disputes with family members or anyone else on behalf of the candidate once the candidate is 18 years of age. D&SDT-HEADMASTER will complete your review request within 10 business days of the receipt of your timely review request and will email the review results to your email address and to the Missouri DHSS.

The Knowledge/Oral Test

You will be required to present your ID again when you enter the knowledge test room and when you enter the skills lab for your skills exam. Please keep your ID with you during the entire exam day.

The Knowledge Test Proctor will hand out materials and give instructions for taking the Knowledge Test. You will have a maximum of **60 minutes** (one hour) to complete the **75 question** Knowledge Test. You will be told when fifteen (15) minutes remain. You may not ask questions about the content of the Knowledge Test (such as "What does this question mean?"). The Knowledge Test Proctor will have scratch paper and a basic calculator available for use during your knowledge exam.

EFFECTIVE 8-15-2022 – THE CUT SCORE INCREASED FROM 76% TO 80%:

You must have a score of 80% or better to pass the knowledge portion of the exam.

Electronic testing using TMU© internet connected computers is utilized at all sites in Missouri. The Knowledge test portion of your exam will be displayed on a computer screen for you to read and key/tap or click on your answers.

Note: You will need to know your Email or Username and Password to take the electronic TMU© Knowledge test. Please see the information under '**Complete Your Initial Training**' to sign in to your record in TMU©.

An audio (Oral) version of the knowledge test is available. However, you must request an Oral test before you submit your testing fee payment. There is an additional \$10 charge for an Oral Test. The questions are read to you, in a neutral manner, and can be heard through headphones/ear buds plugged into the computer. When taking an electronic Oral exam, the oral control buttons will be displayed on the computer screen enabling you to play, rewind or pause questions as needed.

Note: On the Oral Knowledge Test, **only the first 67 questions will be read orally**, the remaining 8 questions will have to be answered without oral assistance to assess English reading comprehension.

❖ *Foreign language translation dictionaries in any format are not be permitted to be used during testing.*

All test materials, including scratch paper and calculator, must be left in the testing room. Anyone who takes or tries to take materials, notes or information from the testing room is subject to prosecution and will be reported to their training program and the Missouri DHSS.

The Manual Skill Test

- The purpose of the Skill Test is to evaluate your performance when demonstrating Missouri DHSS approved nurse aide skill tasks. You will find a complete list of skill tasks in this handbook.

- You will be asked to re-present your photo ID previously shown to the RN Test Observer at sign-in.

- Be sure you understand all instructions you read while in the waiting area before you begin your skill task demonstrations. You may not ask questions once the Skill Test begins and the timer starts. Once the Skill Test begins, the RN Test Observer may not answer questions.

- Each of your randomly selected 3 or 4 tasks will have scenarios associated with them. The scenarios will be read to you by the RN Test Observer immediately before you are asked to do each task.

- You will be allowed a maximum of **30 minutes** to complete your three or four tasks. After 20 minutes have elapsed, you will be alerted that 10 minutes remain.

- Listen carefully to all instructions given by the RN Test Observer. You may request to have any of the scenarios repeated **at any time** during your Skill Test up until you run out of time or tell the RN Test Observer that you are finished with your skill task demonstrations.

- You must successfully complete 100% of the tasks you are assigned. You may not miss any key steps (the **bolded** steps) and must achieve 80% or higher on the non-key steps on each task to pass the Skill Test.

- If you believe you made a mistake while performing a task, tell the RN Test Observer you would like to make a correction. You will need to correctly demonstrate the step or steps on the task you believe you performed incorrectly in order to receive credit for the correction.

Missouri Nurse Aide Candidate Handbook

- You may repeat or correct **any step** or **steps** on any task you believe you have performed incorrectly at **any time** during your allotted 30 minutes or until you tell the RN Test Observer you are finished with the Skill Test.
- The skill task steps are not order dependent, unless the words BEFORE or AFTER are used in a step.
- When you finish each task, verbally tell the RN Test Observer you are finished and move to the designated “relaxation area.” When the RN Test Observer and actor have set up and are ready for your next skill task demonstration, the RN Test Observer will read the scenario for your next task.
- **All steps must actually be demonstrated. Steps that are only verbalized WILL NOT COUNT.**

Skill Test Recording Form

The RN test observer will provide a recording form similar to the one displayed if your skill test includes a skill task which requires recording a count or measurement.

Recording Form:

Candidate's Name: _____ PLEASE PRINT	
PULSE: _____ RESPIRATIONS: _____

Missouri Nurse Aide Candidate Handbook

Skill Tasks Listing

Every step must actually be performed and demonstrated during your skill test demonstration in order to receive credit.

The steps that are listed for each task are the steps required for a nurse aide candidate to successfully demonstrate minimum proficiency of the skill task for the RN Test Observer. The steps will be performed on a live resident actor for most of the tasks. The catheter care, changing an adult brief and perineal care for a male and perineal care for a female task will be done on a manikin. You will be scored only on the steps listed.

You must successfully complete 100% of the tasks you are assigned. You may not miss any key steps (the bolded steps) and must achieve 80% or higher on the non-key steps on each task to pass the skill component of your competency evaluation.

If you fail the Skill Test, one of the tasks on your retest will be a task you previously failed. There will always be the one of the four mandatory tasks to start each Skill Test. The other tasks included on your Skill Test are randomly chosen so that every Skill Test is comparable in difficulty and average length of time to complete. The RN Test Observer will observe your demonstrations of your skill task steps and record what she/he sees you do. D&SDT-HEADMASTER scoring teams will officially score and double check your test.

Note: The skill task steps included in this handbook are offered as guidelines to help prepare candidates for the Missouri nurse aide skill test and the steps included herein are not intended to be used to provide complete care that would be all inclusive of best care practiced in an actual work setting.
