KNOWLEDGE EXAM VOCABULARY LIST	52

Introduction

Congress adopted the Nursing Home Reform Act in 1987 as part of the Omnibus Budget Reconciliation Act (OBRA '87). This federal law was designed to improve the quality of care in long-term healthcare facilities and define training and evaluation standards for nursing aides who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a Nurse Aide Competency Evaluation program provides specific standards for nurse aide-related knowledge and skills. This program aims to ensure that candidates seeking to be nurse aides understand these standards and can competently and safely perform the job of an entry-level nurse aide.

This handbook describes the nurse aide competency examination process and is designed to help prepare candidates for testing. The examination has two parts: a multiple-choice knowledge test and a skill test. Candidates must pass both parts to be identified and listed on the Ohio Nurse Aide Registry.

The Ohio Department of Health (ODH) has approved D&S Diversified Technologies, LLP (D&SDT) to provide tests and scoring services for nurse aide testing. For questions not answered in this handbook, please get in touch with D&SDT-HEADMASTER at (877) 851-2355 or go to D&SDT-HEADMASTER's [Ohio CNA webpage](#) or at www.hdmaster.com and click on 'Ohio CNA'. The information in this handbook will help you prepare for your examination.

Nurse Aide Registry Requirements

Ohio's Nurse Aide Registry lists all Certified Nurse Aides (CNAs). The registry also maintains records of those nurse aides who have had a finding of abuse, neglect, or misappropriation of property against them.

The Nurse Aide Registry keeps track of those individuals who have met written and skills test criteria to be certified for employment in long-term care settings, usually nursing homes. Once certified, nurse aides must meet certain requirements to maintain their certification and continue to be listed on the Nurse Aide Registry as able to work in Ohio. Please review the [Nurse Aide Registry Requirements](#). The registry also maintains records of those nurse aides who have had a finding of abuse, neglect, or misappropriation of property against them.

The most significant achievement in this area was giving facilities or individuals the ability to inquire about the status of a certified nurse aide by accessing the registry through the Internet. This gives the customer three options to conduct an inquiry. They can call the nurse aide registry and use the voice automated system, talk to a nurse aide registry customer service technician, or use the web-based verification system. This addition will reduce the time it takes to verify the status of a certified nurse aide (CNA). Select the link to access the Nurse Aide Registry: [NURSE AIDE REGISTRY](#)

Additional questions regarding nurse aide registry requirements, lapsed certification, and certification transfer to or from another state may be addressed to the Nurse Aide Registry at (800)582-5908. If you have questions regarding the locations and dates for nurse aide training classes, you may call (614) 752-8285 or view the [NATCEP Program](#) information page.

Criteria to Waive the Nurse Aide Training Requirement

Certain individuals who may submit documentation to ODH for approval and written verification to waive the nurse aide training requirement to sit for the Ohio nurse aide exam are outlined on the next page.

- An individual enrolled in a pre-licensure program of nursing education approved by the Board of Nursing or by an agency of another state that regulates nursing education who has provided the director or the director's designee with a certificate from the program indicating that the individual has successfully completed the courses that teach basic nursing skills including infection control, safety and emergency procedures, and personal care.
- An individual who has the equivalent of twelve months or more of full-time employment in the preceding five years in a position with hospital experience that includes the provision of direct patient care involving the performance of daily living activities, such as toileting, bathing, feeding, dressing, etc.
- An individual with military occupational training and experience in the United States Armed Forces in positions including, but not limited to, Medical Specialist, Healthcare Specialist, and Hospital Corpsman may qualify for this waiver if they can provide documentation of at least sixteen hundred (1600) hours of providing direct patient care involving the performance of daily living activities. The documentation can include official training documents and/or a letter on official letterhead that identifies each exact job task that meets the direct care/performance of daily living requirement, totaling a minimum of 1600 hours signed by a supervisor.

Active Duty and Veteran GI Bill Benefits

D&SDT-Headmaster has been approved by the Department of Veterans Affairs (VA) as an approved testing vendor for the Ohio NA exam. If you are an active duty or retired service member, you may be eligible for reimbursement of exam fees if funds are available through your GI Bill. To request VA reimbursement of exam fees, you must provide your receipt for paying your NA exam fees along with a completed VA Application for Reimbursement of Licensing or Certification Test Fees [Form 22-0803](#) to the VA for reimbursement. Additional information regarding the GI Bill can be found on the [VA website](#).

Priority of Service on Test Day

If you are active or retired military, veteran, or spouse of a veteran, you are eligible to receive priority of service on testing day. To qualify, you must provide the following additional proof of service documentation to the RN Test Observer at check-in on test day:

- Department of Defense Identification Card (active, retired, or TDRL).
- DD214 Military Discharge Certificate indicating disposition of discharge.
- Report of Separation from the national archives at the National Personnel Records Center (NPRC) in St. Louis, Missouri.
- Veterans Identification Card from the Department of Veterans Affairs.

ADA Compliance

Accommodations are granted in accordance with the Americans with Disabilities Act (ADA).

If you have a qualified disability or limitation, you may request special accommodations for the examination. D&SDT-Headmaster must approve accommodations in advance of examination. Complete the [ADA Accommodation Request Application](#) found on the Ohio CNA TMU© main page under 'APPLICATIONS' to be reviewed for accommodation.

ADA Accommodation Request Applications submitted without the required supporting documentation of a diagnosed disability will not be reviewed until the required documentation is provided. D&SDT-Headmaster will email you if further documentation or information is required using the email in your TMU© account.

Please allow additional time for your request to be approved. If you have questions regarding the ADA review process or specific required documentation, please call D&SDT-Headmaster at (877)851-2355.

NOT SCHEDULED IN A TEST EVENT

- 1) Refund requests must be made within thirty (30) days of paying testing fees with D&SDT. Requests for refunds made after 30 days *will not be issued*.
- 2) To request a refund of testing fees paid, you must fill out and submit the [Refund Request Form](#) on D&SDT-Headmaster's main webpage at www.hdmaster.com. No phone calls will be accepted.

Unforeseen Circumstances Policy

If an exam date is canceled due to an unforeseen circumstance, D&SDT-Headmaster staff will try to contact you using the contact information (phone number/email) we have on file to reschedule you for no charge to a mutually agreed-upon new test date.

Therefore, you must keep your contact information up to date in case we need to contact you (**see examples below for reasons we may not be able to contact you that you are responsible for.*)

If D&SDT-Headmaster is unable to reach you via phone call or email with the information in your record (**see examples below*) due to an unforeseen circumstance for a test event you are scheduled for, you will be removed from the test event, and D&SDT-Headmaster will not reschedule you until we hear back from you.

NOTE: The *examples listed below are your responsibility to check and keep updated.

- If D&SDT-Headmaster leaves you a message or emails you at the phone number or email in your TMU© account and:
 - you do not call us back in a timely manner
 - your phone number is disconnected/your voice mailbox is full
 - you do not check your messages in a timely manner
 - you do not check your email or reply to our email in a timely manner
 - your email is invalid, or you are unable to access your email for any reason

INCLEMENT WEATHER POLICY

In the event of inclement weather, you will be expected to attend your scheduled exam date unless:

- The county you reside in or the county of the testing site is placed on a Level 2 or Level 3 snow emergency.
 - LEVEL 2 SNOW EMERGENCY: Roadways are hazardous with blowing and drifting snow. Roads may also be very icy. Only those who feel it is necessary to drive should be out on the roads. Motorists should use extreme caution.
 - LEVEL 3 SNOW EMERGENCY: All roadways are closed to non-emergency personnel. No one should be driving during these conditions unless it is absolutely necessary to travel or a personal emergency exists. Those traveling on the roads may subject themselves to arrest.
- The test site closes.
- The test observer cancels the test event.
- There is an accident due to weather on your route to the test site, in which case:
 - Documentation from the Department of Transportation Services or a Police report is required within three business days of your scheduled exam to qualify for a free reschedule.

If the above circumstances are not met, failure to attend your scheduled test date will result in a no-show status, and any exam fees paid *will NOT be refunded*.

NOTE: Please see the information under the '**Unforeseen Circumstances Policy**' and '**No-Show Exceptions**' sections.

No-Show Status

If you are scheduled for an exam and you do not show up without notifying D&SDT-Headmaster at least one (1) full business day before your scheduled testing event, **excluding** Saturdays, Sundays, and holidays, OR if you are turned away for lack of proper identification, proper attire, or any other reason to deem you ineligible to test, you will be

considered a **NO-SHOW status**. You will forfeit all fees paid and will have to repay or submit a new testing fee to schedule yourself for a new test event.

These fees partially offset D&SDT-Headmaster costs incurred for services requested and the resulting work that is performed. If a reschedule or refund request is not received before the one (1) full business day before a scheduled test event, excluding Saturdays, Sundays, and holidays (see examples under '**Rescheduling Policy**' and '**Refund of Testing Fees Paid**'), a NO-SHOW status will exist, and you will forfeit your testing fees. You must repay the full testing fee to secure a new test event.

NO-SHOW EXCEPTIONS

Exceptions to the No-Show status exist. If you are a no-show status for any test component for any of the following reasons, test fees will be refunded, or a free reschedule will be authorized to the remitter of record **with appropriate documentation provided within the required time frame**.

- **Car breakdown or accident:** D&SDT-Headmaster must be contacted within one business day via phone, fax, or email, and a tow bill, road report, police report, or other appropriate documentation showing your name and the provider of service name must be submitted **within three (3) business days** of the exam date. If we do not receive proof within the 3-business-day time frame, you will have to pay as though you were a no-show.
- **Weather or road condition-related issue:** D&SDT-Headmaster must be contacted within one business day via phone call, fax, or email. A road report, weather report, or other appropriate documentation must be submitted within **three (3) business days** of the exam date. If we do not receive proof within the 3-business day time frame, you will have to pay as though you were a no-show.

Sample CNA exam results report:

Test Attempts

You have **three (3) attempts** to pass the knowledge and skill test portions of the exam **within two (2) years from your date of nurse aide training program completion**. If you do not complete testing within two years from completion of training, you must complete a new ODH-approved training program to become eligible to attempt Ohio NA examinations further.

NOTE: Federal and State regulations allow healthcare facilities to employ students for up to 120 days from the day employment and training is offered in an approved facility-based nurse aide training and competency evaluation program. However, if you fail three attempts on either portion of the state competency exam, the facility can no longer employ you to perform nurse aide duties.

Ohio Nurse Aide Registry Certification

After successfully passing the Knowledge and Skill Test components of the nurse aide exam, your test results will be sent electronically to the Ohio Department of Health by D&SDT-Headmaster. Your name will be placed on the Ohio Nurse Aide Registry.

LAMINATED CERTIFIED CNA CARD

D&SDT-Headmaster will mail your 'PASSED' results letter with your laminated CNA card to the address in your TMU© account.

If you need a replacement CNA card, you can request one by filling out the [Replacement CNA Card Request Form](#). A non-refundable \$25.00 fee applies.

Retaking the Ohio Nurse Aide Exam

If you fail the knowledge and/or skill portion of the examination, when you want to apply for a retest, you must pay for the portion you failed before you can schedule a new exam date.

You can schedule a test or re-test online in your TMU© account with your Email or Username and Password at oh.tmutest.com. (See instructions under the ‘**Schedule / Reschedule a Test Event**’ section.) You must pay with a Visa or MasterCard credit/debit card before you can schedule.

Alternatively, you may schedule a re-test *for special circumstances* by requesting and completing a Scheduling and Payment form:

Please email ohio@hdmaster.com to request that a Scheduling and Payment Form be emailed to you.

- You can submit your Scheduling and Payment Form to D&SDT-Headmaster either by fax at (406)442-3357 (\$5.00/candidate extra fax fee per candidate applies), email at accounting@hdmaster.com (scan or image and attach) or mail to P.O. Box 6609, Helena, MT 59604.

If you need assistance scheduling your re-test, please call D&SDT-Headmaster at (877)851-2355 during regular business hours: 8:00AM to 8:00PM, Monday through Friday, ET, excluding holidays. We can assist you in scheduling a test or re-test date as long as your fees have been paid first.

Test Review Requests

You may request a review of your test results or dispute any other testing condition. The purpose of this review process is to ensure fairness and accuracy in the evaluation of your test.

PLEASE READ BEFORE FILLING OUT THE TEST REVIEW REQUEST: Please call D&SDT-Headmaster at (877)851-2355 during regular business hours, Monday through Friday, 8:00AM to 8:00PM ET, excluding Holidays, and discuss the test outcome you are questioning before committing to sending the \$25 test review request deposit fee. Once you have further details about the scoring of your test, you will often understand the scoring process and learn how you can better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT-Headmaster staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request.

There is a \$25 non-refundable test review deposit fee. To request a review, complete the [Test Review Request and Payment Application](#), available on the Ohio CNA TMU© main page (before you log in to your account) under ‘APPLICATIONS’ at oh.tmutest.com. Test Review Requests must be received **within three (3) business days** from the official scoring of your test (excluding Saturdays, Sundays, and holidays). Late requests will be denied and will not be considered.

Since one qualification for certification as a nurse aide in Ohio is demonstrated by examination of minimum nurse aide knowledge and skills, the likely outcome of your review will determine who pays for any re-tests granted. If, after investigation, the review finding is in your favor, you will be refunded the \$25 test review deposit. If the finding of the review is *not in your favor*, the \$25 test review deposit will stand, and the fee is non-refundable.

D&SDT-Headmaster will review your detailed recollection, your knowledge test markings, and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations, and measurements recorded by the RN Test Observer at the time of your test. We will interview the RN Test Observer, Actor, or Knowledge

Test Proctor about the facts detailed in your dispute documentation. D&SDT-Headmaster will re-check the scoring of your test and may contact you and/or the RN Test Observer, Actor and/or Knowledge Test Proctor, and other candidates who were on-site at your test event for any additional information about the test event.

D&SDT-Headmaster cannot review test results or reviews with the candidate's instructor/training program. After a candidate reaches the age of 18, D&SDT-Headmaster will only discuss test results or test reviews with the candidate. D&SDT-Headmaster will not review test results or reviews with family members or anyone else on behalf of the candidate once the candidate is 18. D&SDT-Headmaster will complete your review request within ten business days of receiving your timely review request and will email the review results to your email address and the Ohio Department of Health (ODH).

The Manual Skill Test

- The Skill Test evaluates your performance when demonstrating Ohio-approved nurse aide skill tasks. You will find a complete list of skill tasks in this handbook.
- You will be asked to re-present your ID that you showed the RN Test Observer at check-in.
- Be sure you understand all instructions you read while in the waiting area before you begin your skill task demonstrations. You may not ask questions once the Skill Test begins and the timer starts. Once the Skill Test begins, the RN Test Observer may not answer questions.

- Each of your randomly selected three (3) or four (4) tasks will have scenarios associated with them. The scenarios will be read to you by the RN Test Observer immediately before you are asked to do each task.
- You will be allowed a maximum of **thirty-five (35) minutes** to complete your three (3) or four (4) tasks. After 20 minutes, you will be alerted that 15 minutes remain.
- Listen carefully to all instructions given by the RN Test Observer. You may request to have any of the scenarios repeated **at any time** during your Skill Test up until you run out of time or tell the RN Test Observer that you are finished with your skill task demonstrations.
- You must correctly perform all **key** steps (in bold font) and 80% of all non-key steps on each task assigned to pass the Skill Test.
- If you believe you made a mistake while performing a task, tell the RN Test Observer you would like to correct it. You will need to correctly demonstrate the step or steps on the task you believe you performed incorrectly to receive credit for the correction.
- You may repeat or correct **any step** or **steps** on any task you believe you have performed incorrectly at **any time** during your allotted thirty-five minutes or until you tell the RN Test Observer you are finished with the Skill Test.
- The skill task steps are not order dependent unless the words BEFORE or AFTER are used in a step.
- When you finish each task, verbally tell the RN Test Observer you are finished and move to the designated “relaxation area.” When the RN Test Observer and actor have set up and are ready for your next skill task demonstration, the RN Test Observer will read the scenario for your next task.
- **All steps must actually be demonstrated. Steps that are only verbalized WILL NOT COUNT.**

Skill Test Recording Form

If your skill test includes a skill task that requires recording a count or measurement, the RN test observer will provide a recording form similar to the one displayed below. You will be asked to sign your recording form during the equipment/supplies demonstration before you start your skill test.

Recording Form:

Candidate's Name: _____	
PLEASE PRINT	
PULSE: _____ beats	RESPIRATIONS: _____ breaths
URINE OUTPUT: _____ ml	
GLASS 1: _____ GLASS 2: _____ TOTAL FLUID INTAKE: _____ ml	FOOD INTAKE: _____ %
Candidate's Signature: _____	

Skill Test Tasks

You will be assigned one of the following five tasks with embedded hand washing using soap and water as your first mandatory task:

- Assist a Resident with a Bedpan, Measure and Record Output with Hand Washing
- Change a Male Resident's Brief, Provide Perineal Care with Hand Washing [DEMONSTRATED ON A MANIKIN]
- Donn [PUT ON] PPE (*Gown, Gloves, Goggles or Face Shield*), Empty a Urinary Drainage Bag, Measure and Record Output, Doff [REMOVE] PPE with Hand Washing
- Donn [PUT ON] PPE (*a Gown and Gloves*) and Provide Catheter Care for a Female Resident, Doff [REMOVE] PPE with Hand Washing [DEMONSTRATED ON A MANIKIN]
- Perineal Care for a Female Resident with Hand Washing [DEMONSTRATED ON A MANIKIN]

You will also receive an additional two (2) or three (3) randomly selected tasks from the Skill Task listing below. These selected tasks will make up your personalized and unique skill test. Each skill test randomly assigned by the TMU© skill test assignment algorithm will be comparable in overall difficulty.

Skill Tasks Listing

To receive credit, every step must be performed and demonstrated during your skill test demonstration.

The steps listed for each task are required for a nurse aide candidate to successfully demonstrate minimum proficiency in the skill task for the RN Test Observer. The steps will be performed on a live resident actor for most tasks (the PPE and providing catheter care for a female resident, changing a male resident's brief with perineal care, and the perineal care for a female resident will be demonstrated with a manikin). You will be scored only on the steps listed.

You must score 80% on each task without missing key steps (bolded) to pass the skill component of your competency evaluation.

If you fail the Skill Test, one of the tasks on your retest will be a task you previously failed. There will always be one of the first mandatory tasks to start each Skill Test. The other tasks included in your Skill Test are randomly chosen so that every Skill Test is comparable in difficulty and has an average length of time to complete. The RN Test Observer will observe your demonstrations of your skill tasks and record what they see you do. D&SDT-Headmaster scoring teams will officially score and double-check your test.

Note: The skill task steps included in this handbook are offered as guidelines to help prepare candidates for the Ohio NA skill test, and the steps included herein are not intended to be used to provide complete care that would be all-inclusive of best care practiced in an actual work setting.
