OHIO NURSE AIDE
INSTRUCTOR AND INTERFACE WORKSHOP
LISTING 2018

Dear Training Facilities,
Below is a list of upcoming STNA instructor and computer interface workshops which will be provided by D&S Diversified Technologies. THESE WORKSHOPS ARE FOR NEW INSTRUCTORS AND THOSE NEEDING INFO INTO THE TESTING PROCESS and those that want to learn how to schedule their students online.

The <u>STNA Instructor workshops</u> are for training program instructors and program coordinators. These workshops are designed to help facilities better understand the testing process for their candidates. The Interface workshops will train you on how to print off your training certificates, schedule your students online, update student files and much more.
Please send this back to D&S by THREE weeks prior to the workshop date so we can make every attempt to accommodate those interested in attending the workshop. We can only accept two participants per facility. Please select your 1st and 2nd choice of the workshop location that you would like to attend and mail or fax this form to D&S Diversified Technologies. We do have limited space so you will receive a confirmation letter once you are scheduled for a workshop. Please feel free to call to confirm your registration.
