

OREGON - FORM 1503OR

TESTING SITE AND RN TEST OBSERVER EQUIPMENT LIST AND AFFIDAVIT

This form MUST be accompanied by either Form 1505OR (observer) or 1502OR (test site)

The testing site must have all of the materials necessary for RN test observers to properly administer any of the Oregon approved, randomly selected, skill tasks. The RN observer is required to review all of the skill tests they receive prior to administration and insure that the proper test site equipment is available prior to testing. Please refer to the following list for test equipment and supply requirements.

Equipment Provided by Testing Site

- Bedpans - 1 Standard and 1 Fracture Pan
Bedside stand
Call bell (doesn't have to be a working call bell)
Dentures, denture container
Foley catheter
Food tray, plate, silverware
Gait belts
