INTRODUCTION

Congress adopted the Nursing Home Reform Act in 1987 as part of the Omnibus Budget Reconciliation Act (OBRA '87). This federal law was designed to improve the quality of care in long-term healthcare facilities and define training and evaluation standards for nursing aides who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a Nurse Aide Competency Evaluation program provides specific standards for nurse aide-related knowledge and skills. This program aims to ensure that candidates seeking to be nurse aides understand these standards and can competently and safely perform the job of an entry-level nurse aide.

This handbook describes the nurse aide competency examination process and is designed to help prepare candidates for testing. The examination has two parts: a multiple-choice knowledge test and a skill test. Candidates must be registered, complete approved nurse aide education, pass both parts of the exam, meet all other Oregon State Board of Nursing (OSBN) requirements for certification in Oregon, and have their name placed on the Oregon Nurse Aide Registry.

The Oregon State Board of Nursing (OSBN) has approved D&S Diversified Technologies, LLP (D&SDT)-HEADMASTER, LLP to provide tests and scoring services for nurse aide testing. For questions not answered in this handbook, please contact D&SDT-HEADMASTER at (800)393-8664 or go to D&SDT-HEADMASTER's [Oregon Nurse Aide webpage](#) or at www.hdmaster.com and click on 'Oregon CNA'. The information in this handbook will help you prepare for your examination.

APPLICATION TO OBTAIN OREGON CNA1 CERTIFICATION

Complete the OSBN Nurse Aide application, which is available at the OSBN Nurse Portal. The link is here: [OSBN Nurse Portal \(boardsofnursing.org\)](http://boardsofnursing.org). **The name entered on your application must be your current legal name. The two forms of identification you will present at the exam site for admission must match the name entered on your application.** Remember to use the same name on the application and all forms, enter your information, answer all questions, provide written explanations of all YES responses to the background questions, and electronically sign and date the application. Double-check your application for accurate and complete information before submission.

Exam Fees

Information regarding exam fees can be found on the Oregon Nurse Aide Portal at:

Note: If you arrive late, you will not be allowed to test.

- No open-toed shoes are allowed.

Other testing attire information:

- You may bring a standard watch with a second hand.

IDENTIFICATION

To test, you **must bring two forms of original, signature-bearing, current (not expired), and proper identification. At least one of the signature IDs must contain your photograph.**

Secure digital IDs, or digital identities, are virtual systems (for example, Apple or Google Wallet) that allow identity verification and secure authentication. They can replace physical IDs and will be allowed for identification purposes.

NOTE: An image of an acceptable form of identification, such as an image stored on a cell phone in photos or galleries, **is not considered a secure digital ID and is not allowed for identification purposes.** It is recommended that you carry your physical IDs.

Examples of the forms of accepted identification that are current (not expired) and include a signature are:

- **State-issued Driver's License** (*non-expired from any state is acceptable*)
 - You may use the letter issued by the Department of Motor Vehicles (DMV) that you receive when you apply for or renew your driver's license while waiting to receive your new license.
- **State-issued Identification Card** (*non-expired from any state is acceptable*)
- **Signed Passport**
- **Permanent Resident Card (Green Card or Alien Registration Card)/Employment Authorization Card issued by the U.S. Citizenship and Immigration Services (USCIS)** (*now accepted without a signature or fingerprint IF ISSUED from January 30, 2023, to present day. If issued before January 1, 2023, may contain a fingerprint in place of a signature*)
- **Tribal Identification Card** (*a signed photo ID with an expiration date (not expired) issued by a [federally recognized](#) Tribal Nation/Indian Tribe*)
- **Military Identification Card** (*accepted without a signature or fingerprint, but will have a bar code or may contain a fingerprint in place of a signature*)
- **Social Security Card** (*there is no expiration date, but it must be signed to be acceptable*)
- **Credit or Debit Card** (*that meets all identification requirements*)
- **1st Aid or CPR Card** (*that meets all identification requirements*)
- **School or high school ID for the current year with a signature**

DEMOGRAPHIC UPDATES / CHANGES / CORRECTIONS

The name on your two forms of identification must match the name on your nurse aide application packet submitted to OSBN. If your legal name has changed since you submitted your application packet, please complete the [DEMOGRAPHIC CHANGE/CORRECTION REQUEST FORM](#) and upload your name change documentation (official name change documentation such as a marriage certification, divorce decree, or other legal State document that shows the name change, **along with** your ID or driver's license with your updated name on it). The form is under 'APPLICATIONS' on the Oregon TMU© main web page (before you log in to your account), or click on this link: <https://or.tmutest.com/apply/4>.

You **must also notify OSBN** whenever you have a name or address change.

Note:

- **You will not be admitted for testing if you do not bring two forms of proper/valid identification.**
 - Be sure your identification is not expired.
 - Check to ensure that the FIRST and LAST printed names on your identification card match the current name on record in your TMU© account.
- A driver's license or state-issued ID card with a hole punched in it is NOT VALID and will not be accepted as an acceptable form of ID.
- In cases where names do not match, your ID is not proper/valid, or it has a hole punched in it, this is considered a NO SHOW, and you will have to reschedule and pay for another test and date.

You will be required to present your photo-bearing ID when you enter the skills lab for your skills exam. Please keep your photo-bearing ID with you during the entire exam day.

- **EFFECTIVE AUGUST 1, 2025: For the skills test only-** If you do not wear scrubs with appropriate shoes and conform to all testing policies, you will not be admitted to the exam, and any exam fees paid *will NOT be refunded*.

Test Attempts

You must apply for the state competency exam **within one year of the date of your nurse aide education program completion**. You get one year from the date of application to test.

An attempt means checking in for the competency evaluation, signing in to the TMU© knowledge test, entering the skills test lab, and hearing the skills to be performed. If a candidate decides not to complete the test after signing in to the knowledge test or entering the skills test lab and hearing the tasks to be performed, the attempt will be scored as a failed attempt.

Retaking the Nurse Aide Exam

If your test results inform you that you failed the knowledge and/or skill portion of the examination, and you want to apply for a retest, you will need to pay the appropriate non-refundable fees to OSBN through the OSBN nurse portal at [OSBN Nurse Portal \(boardsofnursing.org\)](https://boardsofnursing.org). Once OSBN processes your payment and authorizes (releases) you to test, you will receive an email, and then you can schedule a new exam date. Follow the instructions for **‘Schedule / Reschedule a Test Event’**.

If you need assistance scheduling your re-test, please call D&SDT-HEADMASTER at (800)393-8664 during regular business hours, 6:00AM to 6:00PM MT/5:00AM to 5:00PM PT, Monday through Friday, excluding holidays. We can assist you in scheduling a test or re-test date as long as you have been released to test by OSBN.

Test Review Requests

You may request a review of your test results or dispute any other testing condition. The purpose of this review process is to ensure fairness and accuracy in the evaluation of your test.

***PLEASE READ BEFORE FILLING OUT THE TEST REVIEW REQUEST:** Please call D&SDT-HEADMASTER at (800)393-8664 during regular business hours, Monday through Friday, 6:00AM to 6:00PM MT/5:00AM to 5:00PM PT, excluding Saturdays, Sundays and holidays, and discuss the test outcome you are questioning before committing to sending the \$25 test review request deposit fee. Once you have further details about the scoring of your test, you will often understand the scoring process and learn how to better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT-HEADMASTER staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request.

There is a \$25 non-refundable test review deposit fee. To request a review, complete the [Test Review Request and Payment Application](#), available on the Oregon TMU© main page, under ‘APPLICATIONS’ (before you log in to your account) at or.tmutest.com. Test Review Requests must be received **within three (3) business days from the official scoring of your test** (excluding Saturdays, Sundays, and holidays). Late requests will be denied and will not be considered.

Since one qualification for certification as a nurse aide in Oregon is demonstrated by examination of minimum nurse aide knowledge and skills, the likely outcome of your review will determine who pays for any re-tests that may be granted. If, after investigation, the review finding is in your favor, you will be refunded the \$25 test review deposit. If the findings of the review are *not in your favor*, the \$25 test review deposit will stand, and the fee is non-refundable.

D&SDT-HEADMASTER will review your detailed recollection, your knowledge test markings, and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations, and measurements recorded by the RN Test Observer at the time of your test. We will interview the RN Test Observer, Actor, or Knowledge Test Proctor about the facts detailed in your dispute documentation. D&SDT-HEADMASTER will re-check the scoring of your test and may contact you and/or the RN Test Observer, Actor, and/or Knowledge Test Proctor, and other candidates who were on-site at your test event for any additional information about the test event.

D&SDT-HEADMASTER cannot review test results or reviews with the candidate's instructor/training program. After a candidate reaches the age of 18, D&SDT-HEADMASTER will only discuss test results or test reviews with the candidate. D&SDT-HEADMASTER will not review test results or reviews with family members or anyone else on behalf of the candidate once the candidate is 18.

D&SDT-HEADMASTER will complete your review request within ten (10) business days of receiving it in a timely manner. D&SDT-HEADMASTER will send the review results to your email address and the Oregon State Board of Nursing (OSBN).

THE MANUAL DEMONSTRATION SKILL TEST

- The Skill Test aims to evaluate your performance when demonstrating OSBN-approved nurse aide skill tasks. You will find a complete list of skill tasks in this handbook.
- You will be asked to present your photo-bearing ID, which you showed the RN Test Observer at check-in.
- Be sure you understand all instructions you read while in the waiting area before you begin your skill task demonstrations. You may not ask questions once the Skill Test begins and the timer starts. Once the Skill Test begins, the RN Test Observer may not answer questions.
- The RN Test Observer will show you where supplies are located and demonstrate the use of the equipment you will need for your three (3) or four (4) assigned skill tasks before starting your skill test.
- Each of your randomly selected three (3) or four (4) tasks will have scenarios associated with them. The scenarios will be read to you by the RN Test Observer immediately before you are asked to do each task.
- You will be allowed **thirty-five (35) minutes** to complete your three or four tasks. After 20 minutes have elapsed, you will be alerted when 15 minutes remain.

- Listen carefully to all instructions given by the RN Test Observer. You may request to have any of the scenarios repeated **at any time** during your Skill Test up until you run out of time or tell the RN Test Observer that you are finished with your skill task demonstrations.
- You must correctly perform all of the key steps and 80% of all non-key steps on each task assigned to pass the Skill Test. Key steps have been recommended by OSBN's Test Advisory Panel and approved by the Oregon State Board of Nursing.
- If you believe you made a mistake while performing a task, tell the RN Test Observer you would like to make a correction. You will need to correctly demonstrate the step or steps on the task you believe you performed incorrectly to receive credit for the correction.
- You may repeat or correct **any step** or **steps** on any task you believe you have performed incorrectly at **any time** during your allotted 35 minutes or until you tell the RN Test Observer you are finished with the Skill Test.
- The skill task steps are not order dependent unless the words BEFORE or AFTER are used in a step.
- When you finish each task, verbally tell the RN Test Observer you are finished and move to the designated "relaxation area." When the RN Test Observer and actor have set up and are ready for your next skill task demonstration, the RN Test Observer will read the scenario for your next task.
- **All steps must actually be demonstrated. Steps and corrections to steps that are only verbalized WILL NOT COUNT.**

Skill Test Recording Form

If your skill test includes a skill task that requires recording a count or measurement, the RN Test Observer will provide a recording form similar to the one displayed. You are required to sign the recording form during the demonstration of the equipment/supplies.

Skill Test Tasks

Your nurse aide education program has prepared you for all the skill tasks you may be asked to perform. You will be assigned one of the following mandatory tasks with embedded hand washing using soap and water as your first task:

- Assist a Client with a Bedpan, Measure and Record Output with Hand Washing
- Catheter Care for a Male Client with Hand Washing (DEMONSTRATED ON MANIKIN)
- Put on an Isolation Gown and Gloves, then Empty a Urinary Drainage Bag, Measure and Record the Output, Remove the Gown and Gloves with Hand Washing
- Perineal Care for a Female Client with Hand Washing (DEMONSTRATED ON MANIKIN)
- Perineal Care for a Male Client and Change Their Soiled Brief with Hand Washing (DEMONSTRATED ON MANIKIN)

Note: Hand washing with soap and water is embedded in each of the mandatory tasks and must be demonstrated at the end of each mandatory task.

You will also receive an additional two (2) or three (3) randomly selected tasks from the Skill Task listing below. These selected tasks will make up your personalized and unique skill test. Each skill test randomly assigned by the TMU© skill test assignment algorithm will be comparable in overall difficulty.

Skill Tasks Listing

To receive credit, you must actually perform and demonstrate every step during your skill test demonstration.

The steps listed for each task are required for a nurse aide candidate to successfully demonstrate minimum proficiency in the skill task for the RN Test Observer. **The steps will be performed on a live resident actor for all but three tasks: the catheter care, the perineal care for a female client, the perineal care for a male client and change the client's soiled brief will be done on a manikin.** You will be scored only on the steps listed.

You must score **80%** on each task **without missing key steps (bolded)** to pass the skill component of your competency evaluation.

If you fail the Skill Test, there will always be one of the first mandatory tasks to start each Skill Test. The other tasks included in your Skill Test are randomly chosen so that every Skill Test is comparable in difficulty and has an average length of time to complete. The RN Test Observer will observe your demonstrations of your skill tasks and record what they see you do. D&SDT-HEADMASTER scoring teams will officially score and double-check your test.

Note: The skill task steps included in this handbook are offered as guidelines to help prepare candidates for the Oregon nurse aide skill test, and the steps included are not intended to be used to provide complete care that would be all-inclusive of best care practiced in an actual work setting.
