

2020 CNA INSTRUCTOR WORKSHOP

Dear Training Facilities,

Below is a list of upcoming CNA instructor workshops which will be provided by D&S Diversified Technologies. The **CNA Instructor workshops** are for training program instructors and program coordinators. These workshops are designed to help facilities better understand the testing process for their candidates. **Please send this back to D&S at least two weeks prior to the workshop date** so we can make every attempt to accommodate those interested in attending the workshop. We can only accept **two participants** per facility. Please select your 1st and 2nd choice of the workshop location that you would like to attend and mail or fax this form to D&S Diversified Technologies. We do have limited space so you will receive a confirmation letter, fax or call once you are scheduled for a workshop. Please call us toll free at 1-877-201-0758 or 1-877-851-2355 to confirm your request. Thank you in advance for sending by the required date.
