

## New Transcription Checklist Form

A new, fillable form is available for use by MAP Trainers in grading transcriptions on TMU. Trainers can either continue typing out the feedback in TMU for the student, or they can complete this fillable form and email it to the student, save in their electronic record, etc.

The form is available on [www.mapmass.com](http://www.mapmass.com) under MAP Trainer Resources and then the "TestMaster Universe" heading: [Here](#)

Or, you can click [here](#) and download the form now.
